In Memoriam

Brainerd Kellogg

Class of 1858

John Abner Mead

Class of 1864

On Friday, January 9, 1920, at Morristown, New Jersey, Professor Brainerd Kellogg died, and on Monday, January 12, at Rutland, Vermont, Governor John Abner Mead. It is seldom that Middlebury has suffered in such quick succession losses so notable as were occasioned by these deaths. The service they had rendered here was so unremitting and so faithful, it had extended over a period so long and into fields so varied, that to many in our college world the sense of loss is peculiarly deep and personal: of Alpha Alpha of Delta Kappa Epsilon they were distinguished members; in the Board of Trustees, for thirty-four and twenty-six years respectively, their labors had been marked by unselfish devotion and a far-sighted intelligence; to not a few of the Faculty their friendship had been for many years a treasured privilege; while their interest in student needs, expressed in widely differing ways but indicative of a common love, took practical and abiding form in the Kellogg Latin-English Prize and the Mead Memorial Chapel. It was a strange coincidence that on the day the donor died President Thomas should have conducted in that chapel the funeral service of Professor Kellogg, the first official of the college to be buried from its walls, and that three days later, in Rutland, he should have spoken, at the burial of Doctor Mead, a second tribute as touching and as tender. It is stalwart, sterling men like these— "*O et praesidium et dulce decus meum!*"— whom the college well may honor as the bulwark of her power. At once her product and her pride, they assure her future as they justify her past.

Foreword

The college year of 1919 began much more auspiciously than those directly preceding it. Energetic advancement has characterized it at every turn and college spirit has been born anew.

The Annual of a college is its mirror which must reflect truthfully the life around it, or else the purpose for which it was created has been left unfulfilled. The present volume tries to live up to its mission as a storehouse of memories of the past year. As such, it succeeds or fails.

The Chapel

The campus lights, gay-gleaming, one by one
Have twinkled and gone out! but still on high
The stars are left to share thy watch alone,
Those silver-armored sentries of the sky.
Now faintly glimmer through the steepled pines
Thy marble pillars, beautiful as truth!
And far above, thy spire in radiance shines,
All halo-lighted with the prayers of youth.
If only thou watch faithfully and well,
Who knows, but into dreaming hearts may creep
Fair thoughts, born of thy splendor and thy spell
Of loveliness? A world's hope lies asleep
Beneath thy solemn vigil, O thou still
White guardian of the college hill.

Senior Class History

Mildred Hubbard	*Secretary*
Clesson Parker	*Treasurer*

With Commencement fast approaching it would be immodest indeed to recount in detail the story of the many events in which 1920 has proven her worth. Her record in the many intellectual, social, and athletic activities is good; but that is written elsewhere. Wherein 1920's record is unique, however, may well be told here.

Coincident with our entering college two new buildings, Hepburn Hall and Mead Memorial Chapel, were placed at the disposal of the students. That this was one of the brightest times in the history of our college was further brought out by the record of those athletic teams, in which 1920 men as freshmen played a significant part. But in the world, conditions were just the reverse. A great war was threatening our country and almost immediately following the break with Germany, in the Spring of 1917, nearly half of the men in college left for the various fields of service.

Sophomore year was a long dull period; for the spirit of our college had departed with those who were serving in far-off fields of training and conflict. Those who remained did what they could to aid and prepare for the cause which their mates had championed. One notable result of the year was the success of the first varsity basketball team to represent Middlebury.

Junior year was the climax in the life of the class. The S. A. T. C. was organized, and almost simultaneously we were visited with influenza. The departure of these guests combined with the news of peace were joyous incidents. The return of our classmates which soon followed added reality to the cause of our exultation.

Senior days with their responsibilities and broadening experience have been valuable ones. We have been helped by those members of preceding classes who had been with the colors and whom we have regarded as our classmates. Our class has shown it practicable to put her activities on a business basis, with the result that she is now in a position to leave some symbol of devotion to Alma Mater.

The more important history of 1920 lies in the future. It will be a record of individual deeds in the world. May it bring success and further evidence of devotion to ideals for which old Middlebury has long stood.

Harold Elmer . .	*Treasurer*

The fall of 1917 was filled with doubt; one did not know whether to go to war or to complete one's education, as the administration advised. Because of this uncertainty, the class of 1921 was small but made up for this defect in quality. Our greenness was not of the kind that never wears off. Shining spots of our true worth were soon revealed, as the victories o'er the Sophs in the Track Meet and Hat Scrap testify; to say nothing of winning the Inter-Class Baseball Tournament. While the men were gaining these laurels the women were proving their superiority by becoming the Basketball Champions.

Our Sophomore year opened with many of us in service, and soon the S. A. T. C. completed the list. January brought back the real college life and with it many duties in the care of a large class of Freshmen. We earned our right to rest and the title of upper-classmen.

Thus far our Junior year has been uneventful. We have placed our usual number on all varsity teams and are now looking forward to a glorious Junior Week. Many ex-service men have joined our ranks. They know what true service is and from them we will learn to be truly loyal to our class, our College and our Land.

Rutland High School; Class Football (1, 2); Varsity Squad (1, 2); Sophomore Rules Committee (2); Class Track (2); Varsity Squad (1, 2); Alchemist; Over Seas Service. Junior Play Cast. Delta Tau.

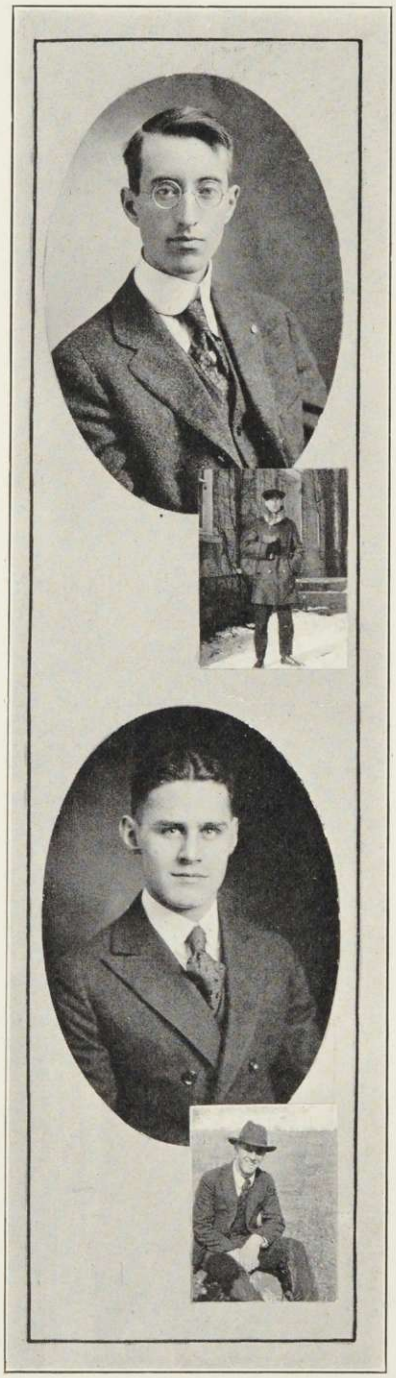
Here is the gentleman with the ruddy complexion and the air of a prosperous capitalist. He belongs to the class of 1919 but gave several years to helping "my friend Josephus Daniels" transport the troops to Europe. It is a matter of history how he once ventured to make a "wager" by the terms of which he was to beat Jones in the Two Mile run exactly at the hour of Midnight. Without a doubt his "horseshoe" was with him and he won. He is at present undecided whether his future will find him in the Ministry, Supreme Court (as one of the Justices, you understand), or devoting his life to the service of mankind by starring in high class Vaudeville. We may justly say that "Bob" is a friend to all and a friend of all.

"Was there ever a man with such a flow of eloquence?"

GEORGE WASHINGTON BARNES
Plattsburg, N. Y.

Middlebury High School; Plattsburg High School.

Few of us ever really got to know George. He isn't a conspicuous fellow, but when you get acquainted he's a mighty fine chap. Though he never mentions it to any but his most intimate friends, he has had some very remarkable experiences. He was originally a '19 man, but enlisted on the outbreak of the war, and during the more than two years that he served in the navy he crossed the ocean repeatedly and was once in a running fight with a submarine. In spite of having resided in this state he is always ready to take the affirmative on the question: Resolved, that as a state New York compares to Vermont as the Mead Chapel compares to an ash can. Shame on you so to malign the grand old conservative state, thy native state.



LeRoy Rollin Bigelow
"Big"
Rutland, Vermont

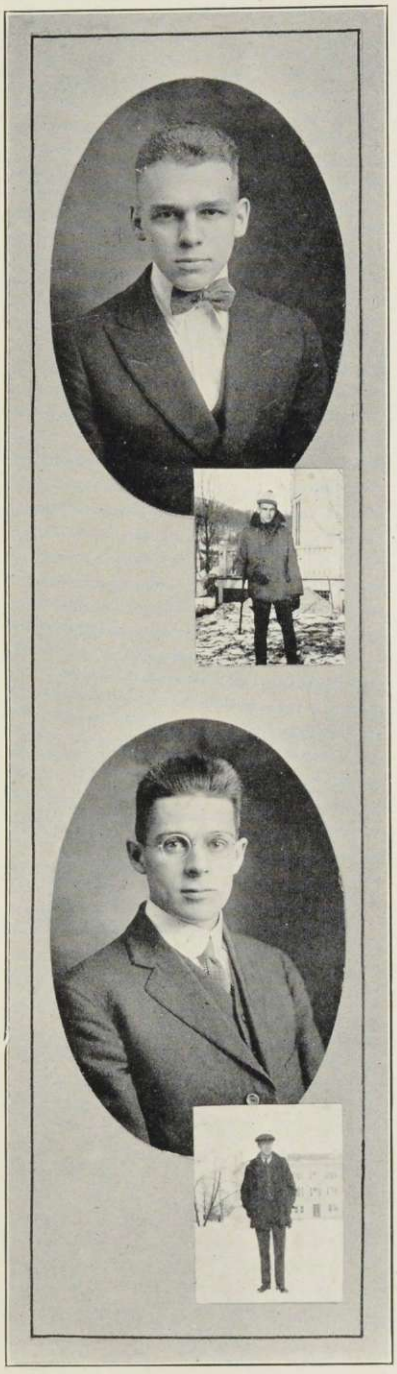
Rutland High School; Parker Prize Speaker (1); Merrill Prize Speaker (2); War Service Committee (2); Editor-in-Chief Kaleidoscope (3); Junior Play Cast.

A combination of various talents and sundry acquired abilities, generally recognized as a candidate for P. B. K., and more intimately known as a staunch friend and a good sport. A mathematical wizard who plays with page-long algebra equations with the pure joy of a child over a new toy. A picture of grace on snowshoes and the original and only vocal rival of the crow; yet if you want to know the very best in music, art or drama go ask "Big." Talk about fresh-water sailors and fishermen—"Big" is as buggy as the buggiest when he gets to the Lake and gets started toward the fishing ground. But don't ever ask him about that big fish; the Good Book has a warning against temptors. And did you hear the latest? All men are heroes if they do but find their place, and "Big" has found his place upon the stage.

Frederick C. Brigham, XΨ
Rutland, Vermont

Rutland High School; President Class (1); Football Squad (1, 2, 3); Assistant Manager Baseball (3); Sages. Delta Tau.

"Point" walked up from Rutland one day and decided to stop and improve his mind. On being elected President of the Freshman Class, he made up his mind to reside in Middlebury for the rest of his natural life. But lo, Uncle Sam called and Fred bit—swallowing hook, line and sinker. He was soon installed on the good ship "Omenia" and performed the duties assigned to him as becomes a true "Gobb." "Point" has now returned to us to finish and we hope against hope that he will find time aside from that necessary for the managership of the baseball nine and the holding down of a position on the varsity eleven, to study enough to pass the Shakespeare which he works so diligently upon.



LORIMER HAMILTON BROWN, XΨ
"Brownie"
Manchester Center, Vermont

Burr and Burton Seminary; Class Track (1, 2); Captain (2); Varsity Track Squad (1, 2); Class Baseball (1); Varsity Baseball Squad (2); Manager Class Basketball (3); Inter-Fraternity Council (3); Kaleidoscope Board (3); Sages. Delta Tau.

"Brownie," our erstwhile go easy grind, fools some of the people all of the time and all of the people some of the time but—as for his being the Woman Hater he professes to be, he must have some motive for getting his tickets to all the local shows. His ability runs from Nonsense Editor to Baseball but he never hesitates to leave this course of duty to entertain alumni when they blow in. We might say lots of good things about this boy, but what's the use.

With thoughtful brow over his desk he bends,
And seems to us to labor hard
Upon some difficult problem to mend.
But look, it's a story or a pack of cards
That draws and holds his attention so rapt.
In the art of fooling us surely he's apt.

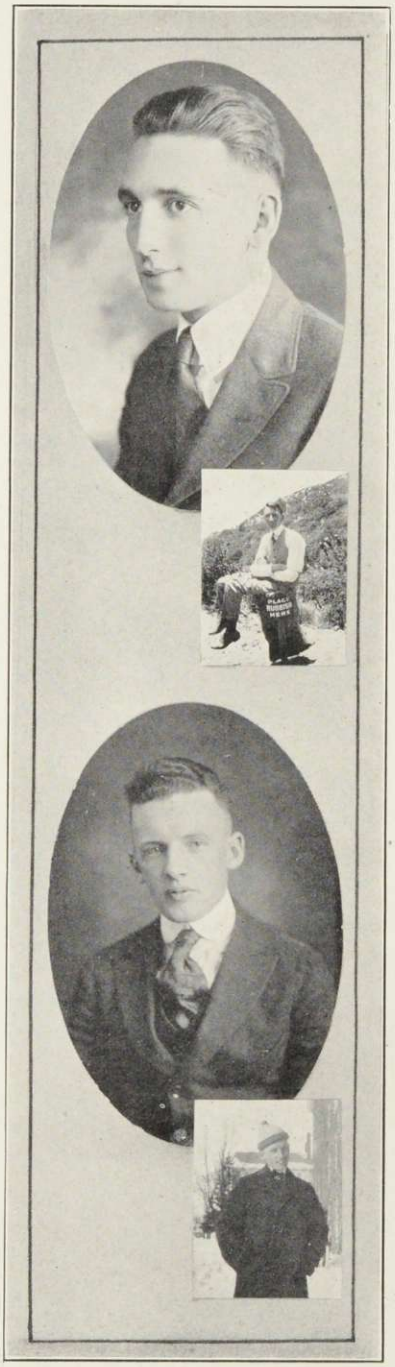
"Jim"
Waltham, Mass.

Waltham High School; Y. M. C. A. Treasurer (1); War Service Committee (1, 2); Secretary (2); Merrill Prize Speaker (2); U. S. Army 1918.

"Jim" Burckes, a model husband for some woman; but here's the only hitch, "Jim" is too bashful to ask a woman and too timid to let one ask him. He started in his college career with a mistake—thinking he would like to be a member of 1920; but the war fortunately came along and took him out of such bad company. English is his special forte. He can handle the words as only geniuses can and some day he will surprise us. As a side line he knows all there is about modern farming, at least, so it seems to us. Quiet, modest, a deep thinker, a true friend to all those who seek him, "Jim" is the kind we would all like to be.



JEREMIAH CURTIN CARDELL, KΔP
"Jerry"
Bristol, Vermont

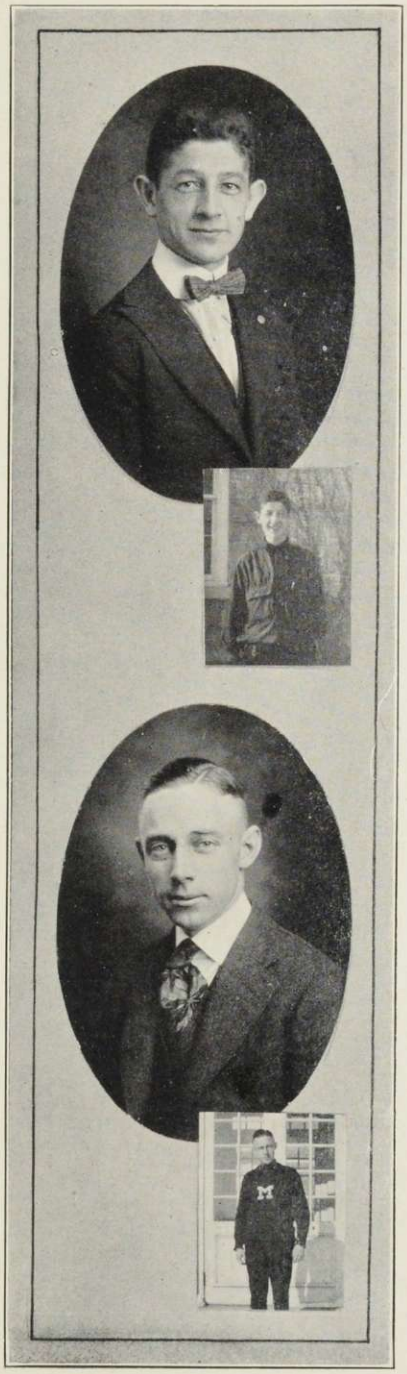
Bristol High School; Class Football (1); Alchemists (2, 3); Member of American Chemical Society.

"Jerry" is the good-looking, quiet, unassuming boy from our neighboring metropolis of Bristol. He is so quiet that his true worth is not shown unless one knows him intimately, or gets him telling the wonders of his native town. He is a man who gets what he goes after. He is a true Chemist even though he does hate to spend so much time in the Lab. (We don't blame him at all.) All in all he is a fine fellow and one is lucky to have "Jerry" for a true friend. We predict "Jerry" will be almost as great as his famous uncle for whom he was named. May success go with thee.

FRANCIS PATRICK CARRIGAN, JR., XΨ
Middlebury, Vermont

Brandon High School, Brandon, Vermont; Transfer from Holy Cross 1919; Fourth Merrill Prize (2); Glee Club (2, 3); Junior Prom Committee (3); Entertainment Committee Undergraduate Association (3).

Here's a Wild Irishman if there ever was one. Brandon claimed him until the town realized what a problem it had to contend with and so they were quite relieved when "Little Frankie" left for a year and a half at Holy Cross. The boys were too rough for Our Hero there so he returned to his native state again and came to Midd as he should have done at first, if he had followed his sister's advice and used his own good judgment. Aside for his fondness for fair ladies and extraordinary trips to Lake Dunmore, you may recognize him any time by his winning smile and beautiful tenor voice! His favorite saying: "Somebody else, not me!"



WILLIAM COHEN
"Bill"
Newark, N. J.

Class Football (1); Class Track (1); Class Basket ball (1, 2, 3), Manager (3); Class Baseball (1, 2); Assistant Manager Basketball (3); Business Manager Kaleidoscope (3); Alchemist; Member of American Chemical Society.

Here we have six good feet of energy and enthusiasm. If "Bill" had only been a little taller he would have been able to put the basketball in the cage by just standing on his tiptoes. Moreover—but you would never guess it—"Bill" is quite a Chemistry "shark." The stuff he mixes up would give anybody a (reputation?). As a convincing talker he has few rivals; strong is the man who can resist his appeals to sign for a "Kaleid." When all's said and done "Bill" is a good friend; and a steady worker whether it is on the Kaleidoscope or managing the Basketball Second Team.

RONALD JEREMIAH DARBY, A Σ Φ
"Darb" "Jerry"
Whitefield, N. H.

Whitefield High School; Class Football (1, 2); Class Baseball (1, 2); Class Track (1, 2, 3); Captain (1); Class Basketball (1, 2); Manager (2); Varsity Track (1, 2, 3); Captain (3); Head Cheer Leader (3); Chairman Junior Week; Glee Club (1, 2, 3); Sages.

"Darb" hasn't yet made up his mind as to his future occupation. Medicine and teaching are the two professions in question. We know that he is highly capable of doctoring Junior Week troubles, and his experience as instructor and coach in Fulton High, as well as his service as an artillery officer, show that he has ability in that line. His mind even runs toward (the position of) Dean. In fact he is so set on this latter attainment that if he found it beyond his reach he *might* get furious and go to Joslin.

SAM PETTINGILL DAVIS, K Δ P

"Sam"

Newport, Vermont

Newport High School; Class Football (1); Class Basketball (1, 2, 3); Captain (1); Class Baseball (1); Class Track (1); Varsity Basketball squad (1, 2, 3); Class Treasurer (1); College Band (1, 2, 3); Manager (3); Mandolin Club (2, 3); Glee Club Minstrels (3); Assistant Cheerleader (3); Chairman Junior Prom Committee; Discussion Club Committee (3); Kaleidoscope Board, Song Book Committee (3); Junior Play Cast.

Yes, this is whispering "Sam" the freshest Freshman who ever came to Middlebury and he admits it. When you hear an argument as to the merits of Newport you may know that its most loyal citizen, "Sam" Davis, is upholding the Newport side of the argument. Arguing on the opposite side of any question is his chief delight, but just the same we wish that Newport would send us some more men like him. "Sam" is everywhere, doing everything at the same time. He has been known to have at the same hour, a class, basketball practice, Junior play rehearsal and minstrel show rehearsal and although you may not believe it he gets them all done. But here is his chief attainment. He plays anything from a Jew's harp to Zylophones. As we all agree "Sam" is "some boy."

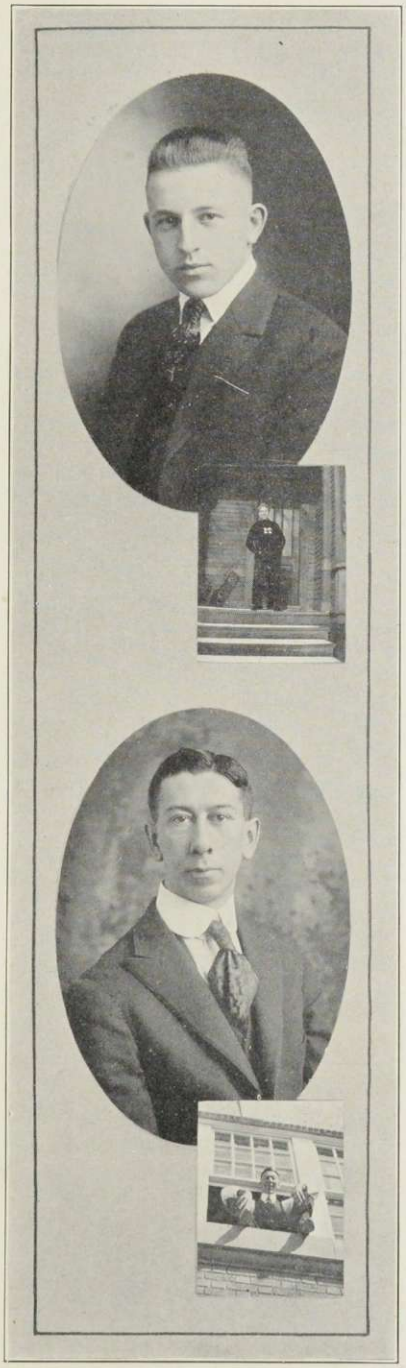
STANLEY RODERICK DIXON, X Ψ

"Dix"

New Britain, Connecticut

New Britain High School; Varsity Football (1, 2, 3).

Introducing the Bouncing Baby in a football suit from New Britain, Connecticut. His aim in life is to be a Doctor (be sure you understand that it is not a D. D. he is after but an M. D.). As a means to an end he revels in Physics, Chemistry and Biology and the amount of breakage and damage he does in these courses amazes the Profs. and even arouses some faint signs of surprise among his fellow students. You may easily see he is an all-round fellow for he feels perfectly at home in a dress suit, stoking a furnace or smoking your tobacco. But we'll hand it to him for he's due to come through some day even if its making money in the Side-Show business.



HAROLD DEWEY ELMER, KΔP
Middlebury, Vermont

Middlebury, Vt., High School; Captain Class Baseball (1); Varsity Baseball (2); Student Council (3); Class Treasurer (3). Delta Tau.

Harold took his first long trip when he came from East Middlebury to College. He soon swung into society. His chief attainment has been making others swing in vain. Harold first gave a good account of himself as a baseball player when he won the baseball class championship for 1921 by striking out 15 seniors in the final deciding seven inning game. He kept up his good work in baseball by being next to high man on the varsity batting average, maintaining an equally high record in his average on the hill, his visiting there being a matter of course.

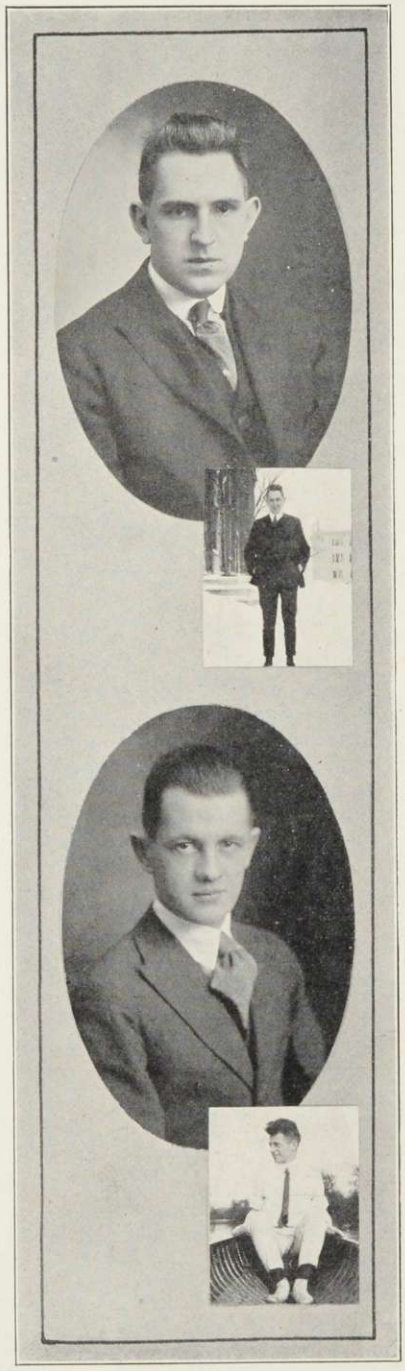
We often hear him shouting in his sleep "Hit it! Hit it!" Did we not know him we might think he were talking of exams. However, as well as being a baseball man Hal is an all-around good fellow and although he isn't exactly posted on the latest ( ) dope we all like him.

Oh that I were a tea lion and could live on the hill!

ERNEST CHESTER FRANKLIN, AΣΦ
"Ben"
Newbury, Vermont

Newbury High School; Class Football (1); Class Baseball (1); Class Basketball (1, 2, 3); Second Team Basketball (1, 2, 3); Sophomore Rules Committee (2); Alchemist; Sages. Delta Tau.

We know four things about "Ben." He is a chemist, a firm believer in the power of a razor to make a cool head, the homeliest man we ever saw, and the best friend any person ever had. Of course it goes unsaid that he is one of the eminent society-bugs of the class as well as an incessant visitor of the Chapel.



ARTHUR TATNER HARDING
"Art"
West Boothbay Harbor, Me.

Westbrook Seminary, Portland, Me.; Alchemist (2, 3).

Tall and silent as a spectre he stands, mighty as the time-worn oak. Beware of this man of cards! He knows all the little tricks and subtle finesse of the game and uses them without mercy on his unfortunate opponents. In the lines of study again he shines and many a time has carried dismay to the Math. Dept. by solving some of their finest riddles without even sweating. He speaks but rarely but then to purpose. Now doff your hats while this great young giant passes, he's all right even if we do say it—one must tell the truth once in a while—now we've got that off our conscience.

CHARLES JASON HAUGH, JR., KΔP
"Chick"
Waterbury, Connecticut

Crosby High School; Class Baseball (1); Class Treasurer (2); Chairman Sophomore Hop Committee (2); College Band (2); Post Commander American Legion (3); Junior Week Committee (3); Alchemist; Sages; Junior Play Cast.

A little piece of indefinable chatter and wit. For all his chatter he can also spout facts about every topic going. We don't know whether he is kidding the railroads along or someone else but his mail is full of all kinds of R. R. Literature. Maybe he wants a job firing. This Napoleonic creature seems to spread his talent and we find him in Minstrel Shows, Drama, and even playing the role of the mysterious Mr. X who had the college worrying over the mysterious disappearance of "Cuspidorious." Any time you want to spend a pleasant hour get "Chick" to tell you of his adventures in the land of OLIVES, HONEY and STILETTOS. When this happens we listen with open mouths. "Chick" is a firm believer in indoor sports especially those usually customary at PEARSONS.

WINFORD EDDY HEATH, ΔΥ
"Win"
Johnson, Vermont

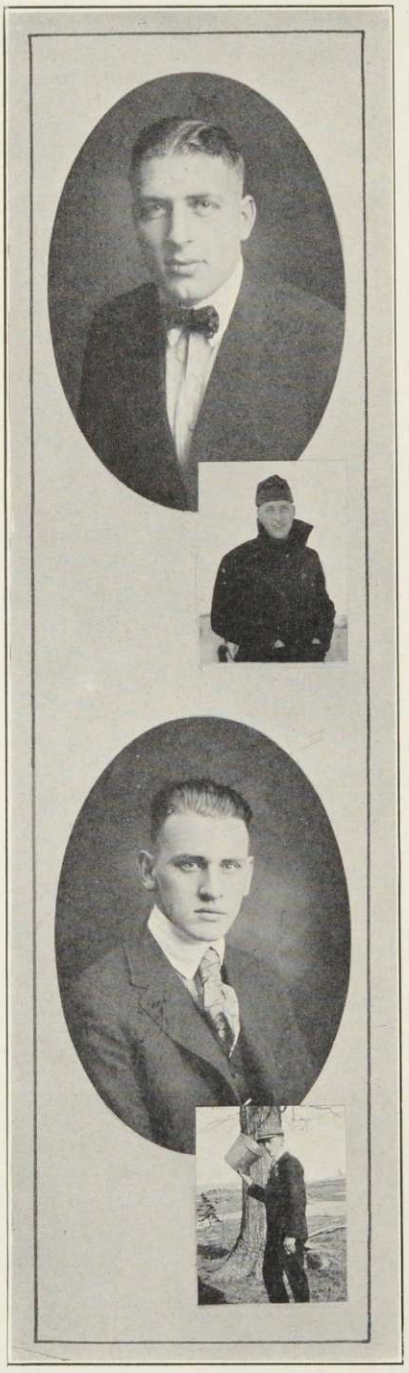
Stowe High School; Class Basketball (1); Captain (1); Class Track (1); Varsity Track Squad (1); Varsity Basketball (2, 3); Captain-elect Basketball (2); Varsity Football (2); Sophomore Rules Committee; Vice-President Outing Club (2); President (3); Sages. Delta Tau.

Here is another member of the class of twenty who is numbered among us. He left college at the end of his second year on account of the war. We were very glad to see him when he came back last fall, for those of us who had seen him in action on the gym floor knew that he played a good game of basketball. He is as quiet as you will find. When he isn't exercising in the gym you can usually find him in his room studying, especially now without his very noisy roommate of last semester to disturb him!

FRED EUGENE JEWETT, Α Σ Φ
"Fred"
Hallowell, Maine

Westbrook Seminary, Portland, Me.; Parker Prize Speaker; Class Track (1); 15 months Oversees Service; Student University of London. Delta Tau.

Just plain "Fred"! Nothing superfluous nor pretentious about "Fred." The same yesterday, to-day and tomorrow. He doesn't aspire to be the leading light of society nor a star of the gridiron. However he has a past! In fact there are two very distinct portions of his past which might surprise his friends. In his "Prep" school, it is said, the faculty was quite relieved when he departed. There he was a leader, at times quite to the disturbance of the instructors. As a doughboy "Fred" did his bit, as seven or more Germans in the next world can testify, and Fred came near paying the supreme penalty.



GEORGE JOSEPH KEPPLER, ΔK E
"Kep"
Woodland, N. Y.

Vermont Academy; Blair Academy; Varsity Football (1, 2, 3); Interclass Track (1); Interclass Baseball (1); Winter Carnival (1); President Wrestling Club (2); Sophomore Rules Committee (2); Class President (3).

He's a big tall man well filled out in every particular but, alas, he has a blemish, a New York accent which would give him away anywhere. In spite of his residence in that entirely practical city, he is an ardent theorist. Once started he will convince you by Chinese philosophy of the necessity of suicide. Needless to say he does not practice what he preaches. His one ambition is to convert the class into ardent prohibitionists. His chief forte is athletics in which he carries off many honors. Football is his specialty either coaching the High School team or playing on the Blue Eleven. The enemy is inclined to go the other way when he starts in action. Wrestling and track also receive attention from him. A big cheery fellow who has a smile that is irresistible.

MAURICE FOOTE LEE, ΔΥ
"Mose"
Vergennes, Vermont

Vergennes High School; Sophomore Rules Committee (2); Class Treasurer (2); Assistant Manager Track (3); Chairman Junior Week Program Committee (3); Athletic Council (3); Member of the American Chemical Society; Alchemist; Sages. Delta Tau.

Introducing "Mose", who hails from Vergennes, the smallest city in the United States, and after paying it a visit one is inclined to think that it is also the oldest. "Mose" says that even at the time when Adam and Eve sent their youngest son to college it was a thriving metropolis. We don't know much about this favorite son of Vergennes except that he is one of the bulwarks of the hash-slinging force at Hepburn and being a rich man he grafted his way through to Track Manager. He is noted for his kindness in wearing his roommate's clothes. Although he has many fine clothes of his own he prefers to wear his roommate's so as not to appear aristocratic.

WILLIAM MAXFIELD MEACHAM, A Σ Φ
"Bill"
Morrisville, Vermont

People's Academy; Class Basketball (3); Inter-Fraternity Council (3); Kaleidoscope Board (3); Chairman Junior Play Committee (3); A. E. F. July 1918-May 1919. Delta Tau.

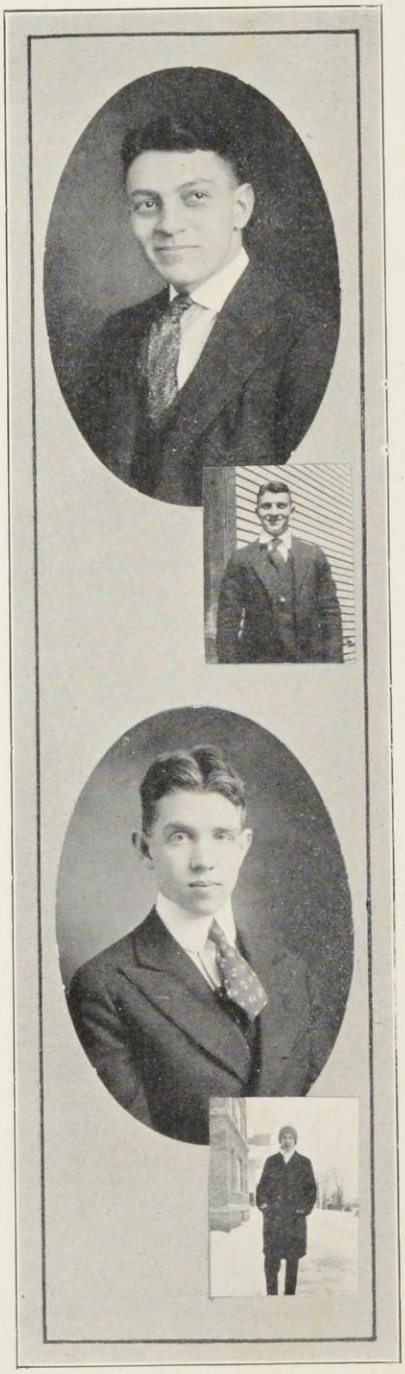
He's the man who always has a smile for every occasion no matter what the provocation may be for something entirely different. Whether his comfortable figure gives him this disposition or whether the disposition gives him the figure is an open question. "Bill" is full of "pep" and hence a most welcome member of our class. In his Sophomore year Uncle Sam claimed him and from others we hear of a fine record. It was with more than pleasure that we welcomed him back again last fall. His sure judgment and his quiet way of getting things done made him a most acceptable member of the Kaleidoscope Board and a most efficient Junior Play Chairman.

A round face, a cheerful smile;
A man without malice or guile.

JOHN WILBUR MEAD, ΔK E
"Jack"
Rutland, Vermont

West Rutland High School; Varsity Football (1, 3); U. S. A. Lieutenant (2); Class Baseball (1); Junior Play Committee (3); Junior Play Cast. Delta Tau.

"Jacko" grew up in that far-famed town of West Rutland. Knowing this we forgive any strange tendencies that he may in thoughtless mood exhibit. His good looks and comely form would mark him anywhere as one the ladies would rave over; but "Jack" has kept himself free from all snares that the Co-eds have so far set—but, alas we fear he's caught by a "Peg." Look out! it's leap year now. Jack has the admiration of us all when he dons the football togs. He plays a mighty, fair, square game and he plays it well. Next year the Blue Eleven will be led by a man, a true successor to "Pepper" Ross. All hail to "Jacko" Mead!



GEORGE MISKE
Waterbury, Conn.

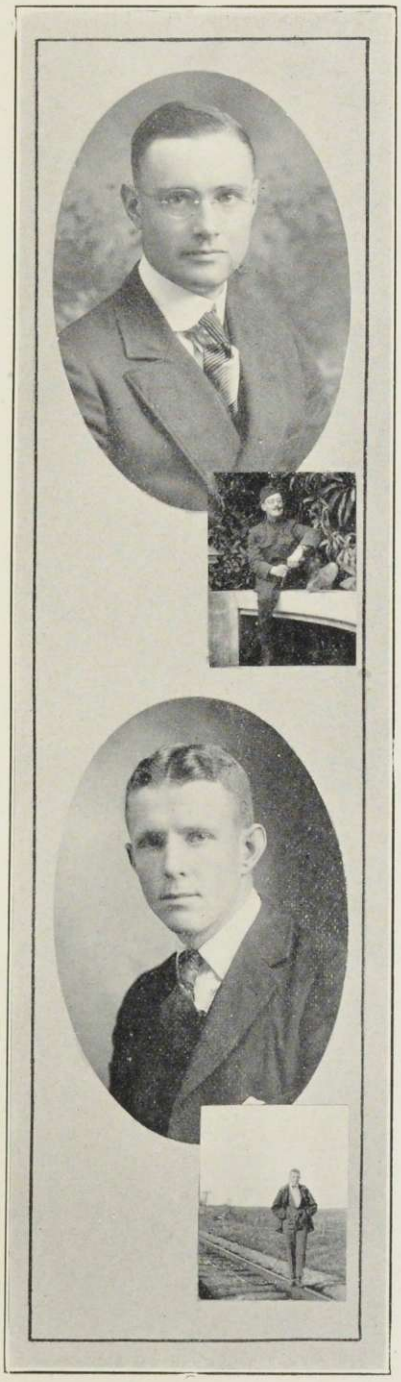
Crosby High School; Varsity Basketball (1, 2, 3), Captain (2, 3); Varsity Track (1, 2, 3); Football (1); Class Athletics (1, 2, 3); Athletic Council (3); Junior Prom Committee (3); Sages; U. S. Army. Delta Tau.

"Miske" is our basketball star and right nobly does he shine. The ball gives up all hope of staying outside the goal and meekly does his bidding—there's no use trying to do anything else. He started right in to give his "pep" full play as soon as he entered "Old Midd" and broke his shoulder just trying to help out the football team. But basketball is his own field and there you see him work. When he is not busy playing he shows us how a game should be refereed and calls fouls for both hands twice and one hand single and all that sort of thing. You just ought to see him do it.

DWIGHT LYMAN MOODY, ΔΥ
Middlebury, Vermont

Fort Edward (N. Y.) High School; Class Track (1); Associate Editor Campus (2); Merrill Prize Speaker (2); Editor-in-chief Campus (3).

Anyone who lives in the village while going to college is at a disadvantage and it naturally happens that such a one does not find time to take a very lively part in campus activities. We feel that in the case of "Moody" this handicap has been overcome to a very large extent. Dwight has surely made his presence felt in the capacity of chief perpetrator of our weekly paper. His specialty is news and getting the other fellow to write something up. We regret that he doesn't live over on this side of town so that we might become better acquainted with him. We would thereby gain very much. We think that a brilliant future is in store for this very level-headed young man.



JAMES HENRY NOBLE, ΔΥ
"Jim"
Benson, Vermont

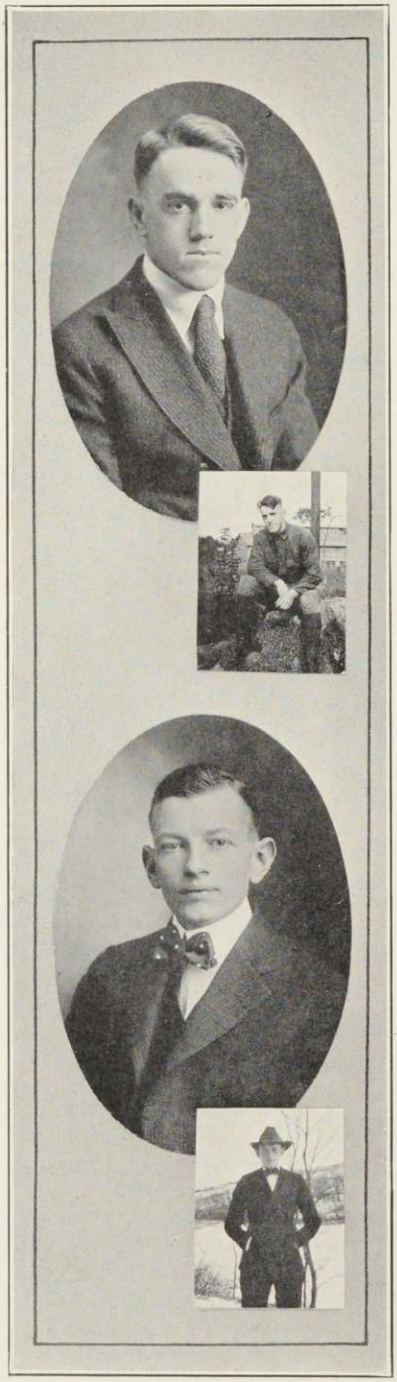
Troy Conference Academy, Poultney, Vermont; 18 months' Overseas Service.

"Jim" entered with the class of 1920, but left college before the close of his sophomore year to serve Uncle Sam in France. He was in France over a year and a half and while there was in great demand in all kinds of work, from Secretary to General Pershing to Custodian of the Prince of Morocco. We are indeed fortunate to have "Jim" as a member of the Class of 1921 for when he returned to Midd last fall he threatened to begin over again and enter with next year's Freshman class. He has gained considerable notoriety in college by his activities in the Pessimist branch of the International Cynics Club, of which society he is President and Chairman of the Board of Directors. As an officer of this exalted society he necessarily agrees that "it is a hard life." "Jim" is one of the few individuals who believes the mind was made to use and accordingly uses his own.

RAYMOND SMITH NOONAN, ΔΥ
"Ray"
Buffalo, New York

Masten Park High School; Class President (1); Class Football (1); Merrill Prize Speaker (2); Junior Prom Committee (3); Inter-Fraternity Council (3); Assistant Football Manager (3). Delta Tau.

"Ray" comes from that far-western city of Buffalo; and has all the nerve and brass of the typical wild west movie hero. His buoyant Irish nature never will admit that he is ever in the wrong in any matter whatsoever. But in spite of his arrogance, we feel called upon to say that we admire his dash and energy because they get results. We pass over his less important achievements such as Manager of Football, to mention the fact that he has succeeded in rating high as a fusser, while bestowing a fraction of his affections elsewhere. A splendid tribute to his powers of diplomacy. In spite of his many faults, we like his Celtic temperament, red hair and all.



ERNEST EDWIN OLSON, XΨ
"Ernie"
West Rutland, Vermont

West Rutland High School; Class Football (1); Class Track (1); U. S. Army.

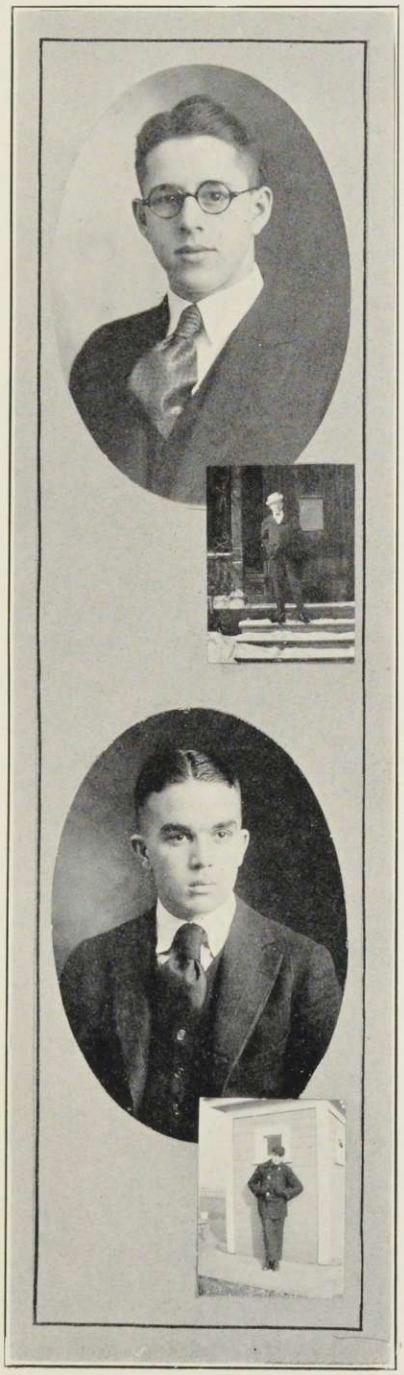
"Ernie" stayed long enough with us in the fall of 1917 to be one of the big factors in winning the Track Meet with the Mighty Sophomores. Then the spirit of Adventure seized him, and he took a hand at running the branch of the Vermont Marble Company in his home town. This proved too tame for him, so he decided to help capture the Kaiser. Unfortunately for "Ernie" they liked him so well at Camp Devens that he stayed there until last fall. As he found things as lively as ever in West Rutland upon his return, he immediately left for Middlebury and has favored us with his presence ever since. If he wasn't quite so noisy we would never know it was the same fellow that left us three years ago.

ANDREW GEORGE OSTEYEE, ΔΥ
Poultney, Vermont

Hinsdale, N. H., High School; Brattleboro, Vt., High School; Varsity Track Squad (1); Alchemists (3); Junior Play Committee (3); U. S. Navy.

Someone has called him the wooden Indian. But don't start anything or you will get action. The very month that war was declared George parted with the class of '19 by joining the old U. S. Navy. Ask George how it feels to have your ship sunk on the high seas by a German sub—what he thinks of France, etc., and you'll be interested. A good scout and game for anything from a fight up. A real Red-Blooded American.

"For his heart is like the sea,
Ever open, brave and free."



LAWRENCE JONATHAN PIERCE, K Δ P
"Larry"
Hyde Park, Mass.

Hyde Park High School; Class Football (1); Class Basketball (1); Class Wrestling Team (1); Class Baseball (1); College Choir (1, 2, 3); Glee Club (2); Second Parker Prize (1); Third Merrill Prize (2); Junior Play Committee (3); Men's Chorus (3).

Behold the product of Hyde Park who never stayed up after 9.30 before he came to college. He has progressed rapidly though and even occasionally goes to a dance, where he lives up to his name, "John the Baptist," very well. The boy is a great orator and we perdict a great future for him in the ministry or in grand opera. He is a good wrestler having gained practice from wrestling with temptation in Boston. Larry is a good clean fellow all the way through and one who has the makings of a "big" man.

KENNETH PRESTON, Λ Σ Φ
"Ken"
Salisbury, Vermont

Middlebury High School; U. S. Navy.

It caused "Ken" no small amount of embarrassment and chagrin to learn, as his first lesson in Midd, that there might be more than one co-ed in college by the name of Johnson. He seems to be undecided about the value of an A. B. but appears to be quite content with the active (?) life at Salisbury.

RUSSEL MUSSEY SANFORD, X Ψ
"Muzzy"
Lakeside, California

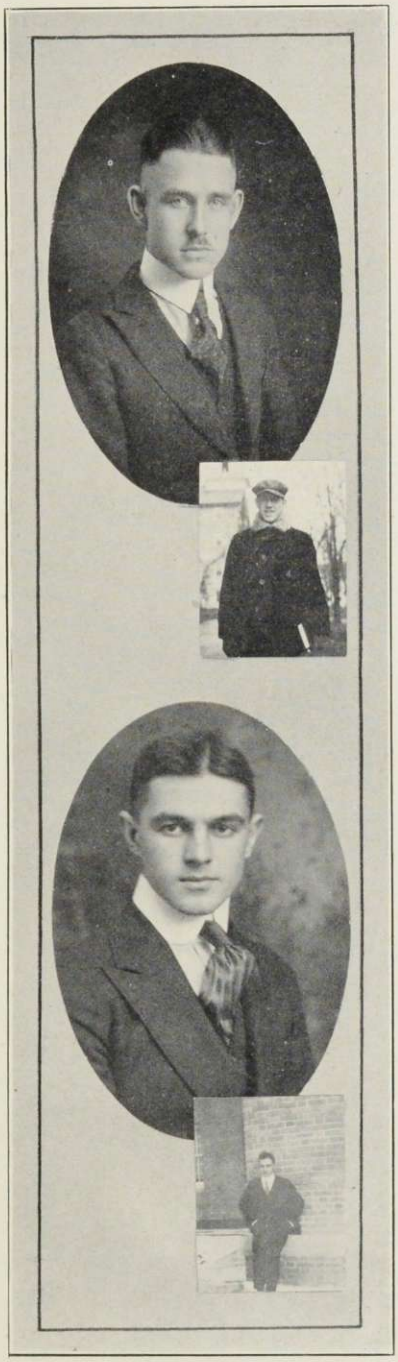
Cajon High School, El Cajon, California; Class Football (1, 2); Varsity Football Squad (1, 2, 3); Sophomore Hop Committee (2).

The whirlwind handball artist from California. "Muzzy" came to us from the wild and wooly west and we have tried to make a man of him. He served in Uncle Sam's Navy for about two years, making several trips over the briny deep. Hence the sober and dignified air. His greatest ambitions were Phi Beta Kappa and Delta Tau. "Muzzy" holds open discussion in Room 24 Hepburn Hall on any subject you care to suggest from 9 A. M. to 10 P. M. He is also eligible for membership in the Tea Hounds Society of Middlebury. His favorite expression: "Pass the tobacco."

CLIFFORD WAYNE SPENCER, A Σ Φ
"Spence"
Maryland, New York

Kiskiminetas Springs School; Class Football (1); Sophomore Rules Committee; Outing Club Team (3).

"Don't judge a book by its cover." And don't judge the grey matter inside that beautifully polished dome which appears here, by the covering (?) thereon. "Spence" is not as noisy and conspicuous as some of his less fortunate fellow men but if his various talents were carefully noted it would be readily seen that he has many. He is the class linguist, having delved into the mysteries of the six predominating languages. As an artist we expect he will soon rival Carrot. Little is known of Clifford's past, except that he was a favorite on the Chautauqua circuit a part of one summer.



GORDON AUGUSTUS SWAN, XΨ
"Bus"
Glens Falls, N. Y.

Glens Falls High School; College Choir (1, 2;) Sophomore Hop Committee (2); Sophomore Rules Committee (2); Glee Club (2); Quartet (2); Glee Club Soloist (2); Double Quartet (2); Mikado Cast (2); Chimer (2, 3); Kaleidoscope Board (3); Middlebury Song Book Committee (3); Sages. Delta Tau.

His chief delight since being in college has been the membership in two different Painter Hall Gangs, and it is only the rarified atmosphere and invigorating companionship of this Association which have made possible for him the bearing of other minor honors such as Chime Ringer, member of the College Quartet and a lead in the Mikado. His one lament is the amount of labor he did (not) do and the amount of good sleep he did get during the S. A. T. C. period. Among his hobbies are early rising, good feeds, cheap cigars, and an ability to appraise people gained from his extensive psychology researches, by which he places you exactly in the 10, 20 or 30 class, as the case may be, without a moment's hesitation.

ARNOLD BOWERMAN SWIFT, ΔΥ
"Speed"
West Falmouth, Massachusetts

Falmouth High School; Associate Business Manager Campus (1); Business Manager Campus (2); Secretary War Service Committee (2); Junior Prom Committee (3); Sages.

Who was that man that went by so fast? Why that's "Speed," one of the swiftest men in the class. He believes time is money and hence does not waste much going from one place to another. There are various dark rumors about his freshman year. The blackest being that, perhaps, he was one who helped stack a room. We are glad to state, however, that if such were the case he has entirely reformed and now is as solemn and sedate as a senior. Swift has lots of pep and started out by working on the Campus. He was able to assume the duties of Business Manager in his sophomore year when the war took away the regular head. His good qualities attract many friends.

JOHN BENEDICT TODD, K Δ P
Bristol, Vermont

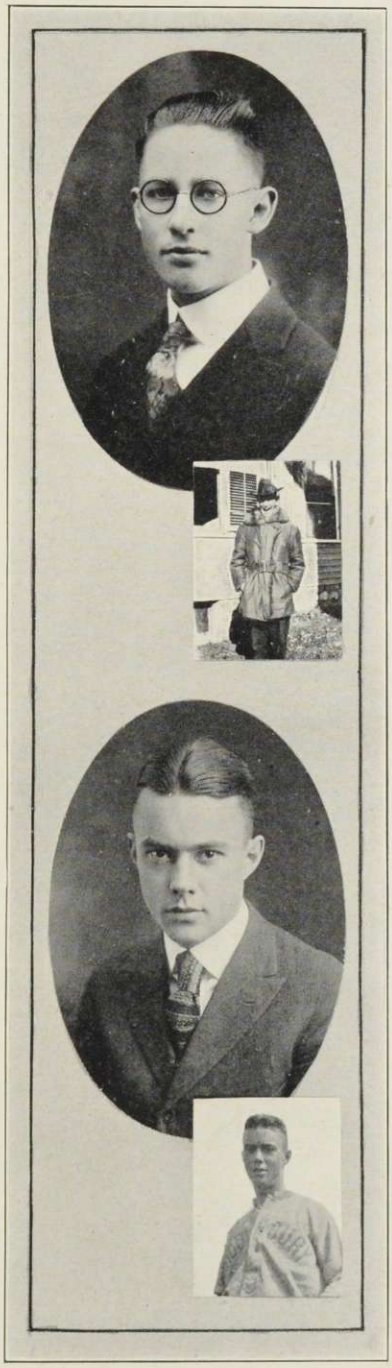
Bristol High School; Class Baseball (2, 3); Apollo Club (3, 4); Alchemist; Member of American Chemical Society; A. E. F. One Year; University of Toulouse, France, March to July, 1919.

Better known as the Bishop of Bristol and the only man in college who knows more Latin than Prof. Sanford. As a comedian his only rival is Raymond Hitchcock and as a philosopher John rivals Aristotle. If you want to know anything about France ask John for he certainly improved his time while serving with the 303rd Artillery. He majored in Chemistry but broke so much apparatus that he knew he couldn't get a job as a chemist and hold it, so he is now engaged in the making of automobile tires. We hated to lose him at the end of the first semester but will be glad to welcome him back when he returns for his diploma in June.

ROBERT PECKHAM VALENTINE, K Δ P
"Bob"
Akron, Ohio

Akron Central High School; Class Football (1); Class Baseball (1); Class Basketball (1, 2, 3); Captain (2); Chairman Sophomore Hop Committee (2); Treasurer Undergraduate Association (3); Inter-Fraternity Council (3); Sages. Delta Tau.

Here's "Bob", an easy-going, carefree, likable sort of a chap who follows the line of least resistance. Every day he shows signs of great speed, when he gets up at 7:55 for an 8 o'clock class. He served his country by enlisting as a K. P. at our own Camp Middlebury not from choice but from sleep. He is one of our tango tea artists and when it comes to shaking a light fantastic toe he's right there. But for all these things he's got a good head on his shoulders and knows how to use it. As a general thing he is quiet and makes a good running mate for his noisier Ohio twin. His motto is: "Whitmore and I, one and inseparable."



CARROLL SOUTHWICK WHITE
"Whitie"
Clinton, Mass.

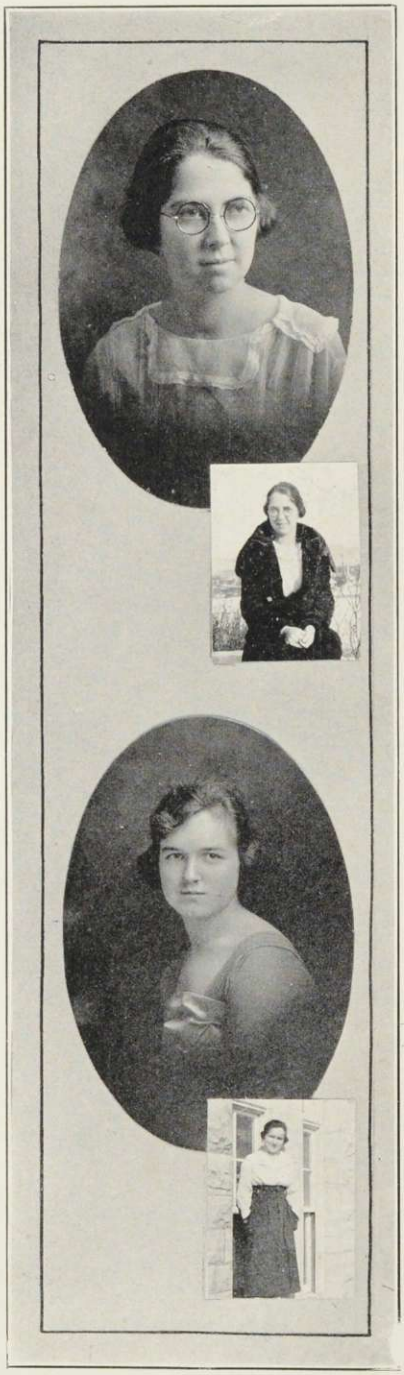
Clinton High School; Transfer from Worcester Polytechnic Institute, 1918; Sophomore Hop Committee (2); Mikado Chorus (2); Men's Chorus (3); Alchemists (2, 3); Member of Green Mountain Club, American Chemical Society.

"Whitie" did not realize the benefits of the College on the Hill his freshman year and thus he made the mistake of going to W. P. I. His chief occupation and pastime is torturing the innocent elements in the Chem. Lab. He has reduced it to such a science that he can detect the elusive HCL by smelling of the gas—a rare ability. When exams come around this man appears, sits down and frightens the poor freshmen in Chem. 1 into a terrible fit of the blues by telling them what the exam will (won't) be. But when all's said and done he can play 500 and underneath his exterior we find a man who does his mite in the very best way.

GEORGE THOMAS WHITMORE, JR., K Δ P
"Dick"
Mogadore, Ohio

Class Football (1); Class Baseball (1); Class Basketball (1, 2, 3); Captain (3); Second Team Basketball (1, 3); Class President (2); Chairman Sophomore Rules Committee (2); Social Committee Undergraduate Association (3); Junior Play Cast; Sages. Delta Tau.

He blew into town from the "Buckeye State" but now is a loyal son of the "Green Mountain State" and we sure are willing to have him. You never saw one of the Ohio cousins that you didn't see the other until "Dick" began his career at Pearsons. As chairman of the Sophomore Rules Committee he became very unpopular with the class of 1922 but this was only for a short time, for when one knows him one cannot help but like him. Look at his record and you will see what a busy and important fellow he is. Always on the jump and promulgating some large idea from that small head of his. He is one of '21's all around men.



RUTH LOUISE ADAMS, ΣK
"Ready" "Sir Toby"
Waterbury, Vt.

Randolph High School; Musical Association (1); Membership Committee Y. W. C. A. (3).

Whenever you can't find Ruth, just look in the Chemistry Lab. You'll find her there without fail. We have heard a rumor to the effect that Ruth is inventing a concentrated food and brain tablet, whereby one can be properly nourished without wasting time in mere eating. This tablet she intends to use to great advantage in the Laboratory. However, she does occasionally tear herself away and we find a lot of good fun and frolic beneath that calm and dignified exterior.

"So here's to Ruth, our tallest member,
A right good friend you'll always find her."

EDITH JANE BEST, ΣK
"Edie Jane"
Walpole, N. H.

Hopkinton High, Walpole High; Civics Club (1, 2); Freshman Handbook Committee (1); College Choir (2); Second Horace Prize (2); Apollo Club (3).

Here she is, 5 ft. 2 by 125 pounds—and finishing in three years didn't make her thin either but two crackers did (almost). With that one exception, however, she is the kind who finishes what she starts and a good finish too, usually. She is a wonder—but no, she told us not to say anything about that—however she is a wonder at kidding the "profs" along, especially in the chemistry department. But never mind, even the most perfect have their faults, you know, and as a friend she is just what her name implies.

"She never worked but moments odd
Yet many a bluff wrought she."

RUTH LINDLEY ASHWORTH, Π Β Φ
Worcester, Mass.

Worcester South High School; R. R.; Musical Association (1); Home Economics Club (1, 3); Sophomore Hop Committee (2); Junior Play Committee (3); Vice President Women's Chorus (3).

Vice-president of the "Stuff Club," Petite in style, of an open mind, a true heart, and a clinging faith in all that's (W)right. Letter-writing a specialty—music and poetry her chief delights—always late just one half minute. Spends more time getting out of work than it would take to do it,—but when she has to work, she can. Her one great ambition is to view the sights of New York City for she refuses to take too much for granted.

"Whoever has loved knows all that life contains
of joy and sorrow."

ISABEL DORA BARDWELL, ΣΚ
"Zizzie"
Belchertown, Mass.

Belchertown High School; R. R.; Musical Association (1, 2, 3), Secretary (3); Vice President Class (2); Sophomore Hop Committee (2); Sophomore Rules Committee (2); Junior Play Committee (3).

"A dillar a dollar
A ten o'clock scholar
What makes you come so soon?"

Zizzie is always on time wherever she is going and she can do almost anything in half the time any one else could. Her ready laugh and innocent expression are deceptive, hiding an ability to make decisions and carry responsibilities. Her greatest fault is modesty, for she is always sure that she can never fulfill the requirement. Her modesty is very becoming but uncalled for, as Zizzie is sure to be there with the goods.

"Maiden with the meek brown eyes,
In whose orbs a shadow lies
Like the dusk in evening skies."

DOROTHY DEANE BLISS
Cornwall, Vt.

Middlebury High School; Second Kellogg English-Latin Prize (2); Apollo Club (3).

Dorothy is so quiet and unobtrusive that we scarcely know she is around. Just look at her picture again and see if you would dare call such a dignified person "Dot." The difficulty is, we aren't able to get acquainted with Dorothy as she drives back and forth daily and is very seldom seen on the hill. Beneath that dignified exterior there surely must be some golden thoughts which we know not of.

"Thy modesty is a candle to thy merit."

RITA LODOSKA BOLE
"Senor-r-rita"
Hardwick, Vt.

St. Johnsbury Academy; Membership Committee Y. W. C. A. (3); Cabinet Y. W. C. A. (3).

Don't get excited, Rita is not a Bolshevik but only a minister's daughter. Small? Oh, yes, but brains. Three years of college are enough to give her a degree. Whenever there is sickness Rita is there with a remedy and a stove to make a tempting morsel for a lagging appetite. She is always ready for a good time and will be found in the front ranks of any daring expedition.

"Happy am I, from care I'm free;
Why aren't they all contented like me?"

GERTRUDE MINNETTA BRYANT

"Si"

West Brookfield, Mass.

Passaic High School, Passaic, N. J.; Civics Club (1, 2); Basket Ball (2, 3); Volley Ball (2); Y. W. C. A. Cabinet (3); Custodian Athletic Association (3); Apollo Club (3); Women's Choral Club (3).

If you'd like to kid Gertrude ask her about the fire in Bat. Cot. last year! 'Twas a big one, wasn't it, Gertrude? Before you approach her, however, get your dictionary as Gertrude loves to quote Webster. To be sensible, Gertrude is quite sensible at times and likes to lend a helping hand. Her work in Christian Endeavor is a proof of this for she seldom misses meeting and always tries to interest others.

"Her speech flowed from her tongue sweeter than honey."

ESTHER INGEBORG CARLSON

"Ebbie" "Sneezer"

Proctor, Vt.

Proctor High School; R. R.; Basket Ball (1, 2, 3), Captain (2), Varsity (2); Volley Ball (2), Varsity (2); Sophomore Rules Committee (2); Student Government Council (2); Vice-President Athletic Association (3); Treasurer Y. W. C. A. (3); Kaleidoscope Board (3).

There's no use trying to say anything either positive or negative about Ebbie for she is part of the Kaleid. Board and has vowed that she will censor everything freely. And when she makes a statement you may depend upon it for she is as set and determined as they make them. But after all Eb's a good sport and there's lots that might be said about her. When anyone wants help with anything she is always ready and —here is something that perhaps you don't know— there's a wealth of fun beneath that calm dignified mien of hers, and sometimes it won't stay covered but just bubbles up so unexpectedly we wonder where it could have come from.

"At basket-ball our brightest star
Without her height we'd wander far.
One day not there (Eb not to blame)
We did our best but lost the game."

ELIZABETH MARGUERITE CONLON
"Bessie" "Connie"
Middlebury, Vt.

Middlebury High School; Civics Club (1).

Bessie smilingly treads her way through the college week waiting for Saturday to arrive when she can betake herself to her happy home. Lucky the one who has the good fortune to visit that home with her. If you wish to see "Connie" when she is enjoying herself the most just take a look into the chemistry laboratory some afternoon. She is by no means spending all her time testing for unknowns. Mere weather cannot keep Bessie away from a base-ball game and you'll always find her in the front row, cheering madly for Midd. You're on the right side, Bessie.

"Cheer them on, our boys forever,
Champions of the white and blue."

EDITH MARIE COWLES, ΣK
"Tony"
Derby Line, Vt.

Derby Academy; College Choir (1, 2); Campus Board (3); Apollo Club (3); Women's Musical Association (3).

Here is another good Vermonter. "Antonius" says there is no place like Derby Line—next to Derby. Her disposition is so placid and serene no one would suspect that she is at the bottom of most of the Sunday night riots on third floor. We wish you would ask her how many times she has been offered a bribe to have the front door unlocked "just two minutes longer." She is a favorite with the Fellow(s) as we know and devoted to the Campus.

"Great thoughts, great feelings come to her like instincts unawares."

LILLIAN JOHNSON DEANS, AX
"Lil"
North Adams, Mass.

Drury High School; L. S. C.; Musical Association (1); Volley Ball (2), Captain (2); Athletic Council(2); Home Economics Club (3); Apollo Club (3); Junior Prom Committee (3); Junior Play Cast (3).

Here comes a dainty miss—it's Lil Deans. Although Scotland claims her as the land of her nativity, Midd has a good hold on her as the scene of her activity. Lil has a habit of forgetting little things, such as addresses on packages, but when it comes to the big things here's a girl in whom you can safely place your trust. She's danced her way into all our hearts and say—just play "Take Me to that Land of Jazz" and you'll find out she has magic in her feet. Her "speed" is Home Economics; and her pastime is to walk through the deepest snow possible, if she has someone to dare her to do so. She's a game sport, Lil is, and by way of amusement she's keen on House Parties.

" 'Oh, just a minute, I forgot',
And back into her room she'll trot.
No matter if she makes you wait
She never yet has made you late."

HELEN MARGARET HOGAN
Waterbury, Conn.

Crosby High School; Volley Ball (2); Home Economics Club (2, 3); Secretary and Treasurer (3); Apollo Club (3); Junior Play Cast (3).

Say, do you know what Helen came to college for? You don't! Why, she came to light up the dark spots cast by her room-mate's shadow. Never mind, Helen, we've been told that close inspection will locate the same color in the aforementioned room-mate's hair. "Great minds run in the same channels." Yes, that must be true because Helen and her room-mate always elect the same courses. Home Economics a specialty. Aim—preparation for future life. Here's hoping that Home Economics will stand the strain of the common household tasks.

"I am not lazy, but I hate to work."

RUTH BURBECK JOHNSON, ΣK
Montpelier, Vt.

Wood's Academy, Bradford, Vt.; Y. W. C. A. Cabinet (1); War Service Committee (2); Campus Reporter (3); Kaleidoscope Board (3); Vice president Home Economics Club (3); Junior Play Cast (3).

Ruth "drove in" this fall so out of breath that Professor Cady felt called upon to ask if she had walked from Montpelier. But that's Ruth all over, always on a run for somewhere. In her case the proverb, "He who runs may read", is surely true. She has read almost any book you can mention and can quote poetry by the mile, Kipling and Service being favorites. Ruth is independent of spirit and has opinions of her own, which she can usually back with good common sense.

"Mistress of herself though China fall."

MARIE ANNA KILBRIDE
"Mary K"
Waterbury, Conn.

Crosby High School; Musical Association (1); Home Economics Club (2, 3), Executive Committee (3); Associate Business Manager Campus (2), Assistant Business Manager Campus (3); Apollo Club (3).

"Say, Kids," I'm sure you all know "Mary K" with her merry smile. Her shoulders are heavy with the responsibility of having a younger sister in college, but evidently Marie likes responsibility as she brought her cousin with her this year. She has the best stock of medicines "good for what ails you" of anyone in Pearsons. Marie feels quite sure that anyone who has any "College Spirit" should write for the Campus.

"Professor Ryland doth delight
To have a pupil apt and bright."

GRACE EVELYN KINGSLEY
Canaan, Vt.

Canaan High School; R. R.; Musical Association (1); House Chairman Hillside (3).

Grace rushed into Middlebury the last minute her freshman year and has been a regular whirlwind ever since. She seems dignified but really she isn't at all forbidding. She has a store of grit which will carry her through any difficulty. She is most generous and kind hearted and proves that "a friend in need is a friend indeed." If you want to know how to do two or more things at the same time just ask Grace. All Hillside will testify to the fact that she makes an ideal House Chairman.

"A good heart is better than all the heads in the world."

ONA MABEL LADD
Randolph, Vt.

Randolph High School; Musical Association (1, 2); Home Economics Club (2).

Here's to Ona, who is always out for a hike, a lark, or any other sort of a good time. She's the staunchest of friends and you can count on her loyalty every time. She's more fun than a comic opera and keeps her friends roaring with laughter. At the same time she can also be sweet and demure, but with the pep and spirit there just the same.

"Life is a jest, and all things show it;
I thought so once but now I know it."

FLORENCE HARRIS LANGLEY, II B Φ
"Flo" "Noisy"
Newton Highlands, Mass.

Crosby High School, Waterbury, Conn.; R. R.; Civics Club (1, 2); Basket Ball (1, 2, 3); Home Economics Club (2, 3); Sophomore Rules Committee (2); Membership Committee Y. W. C. A. (2); Student Government Council (3); Assistant Editor-in-Chief Kaleidoscope (3); Junior Prom Committee (3) Apollo Club (3).

"Look not to appearances
The poets often sing,
The name of 'Noise' she's rightly earned
She's no quiet little thing.

At fun she's most engaging,
In classes very bright
And when there's work that must be done
You can bank on her all right.

Her strongest point is argument.
A side she'll always find
And though you argue black and blue
She'll never change her mind."

KATHRYN MARJORIE MARA
"Kate"
Passaic, N. J.

Passaic High School; Basket Ball (1, 2, 3); Captain (3); Volley Ball (2); Home Economics Club (2, 3); Apollo Club (3).

Kathryn belongs to the honorable society of "Belles." Did you ever see her when her room mate was not there or within calling distance? Well might they be called the "Heavenly Twins." Probably she is a Heavenly Twin but we are glad that she is on earth at present. What would we do without our star forward? Kathryn doesn't believe in hard work but thinks that if study is necessary it ought to be done in a hurry. How can anyone linger over lessons when the movies and the ice-cream parlors call so insistently for occupants?

"Wilt thou have music?
Hark, Apollo plays."

ELIZABETH DOROTHY NOVAK
Middlebury, Vt.

Middlebury High School; Basekt Ball (1, 2, 3); Volley Ball (2); Special Horace Prize (2).

Elizabeth isn't one of these easy people who believe everything they're told. She'll argue with anyone (Prof or Mate) for hours on any available topic. Furthermore she can generally hold her own especially in basketball if she has the ball and you want it. She's a good player though and we're glad we have her.

"She could distinguish and divide
A hair 'twixt south and south-west side."

CARLETA A. OTTMAN, AX
"Ottie"
Schenectady, N. Y.

Schenectady High School; L. S. C.; Sophomore Hop Committee (2); Y. W. C. A. Cabinet (3); Pan-Hellenic Council (3); Secretary Student Government (3); Home Economics Club (2, 3); Vice-President Class (3); Kaleidoscope Board (3).

She may be small but when she rolls her big blue eyes you can tell that there's a bit within the girl. A great mystery surrounds the "A" which she always writes between her two other names. Aside from the domesticity her greatest accomplishment is printing dance orders, place cards, everything. All she does is sure to be well done, as she is a most reliable little body and a jolly good friend to everybody. One thing you often hear remarked is "Here comes Carleta, where is Chick?"

"In K. D. R. she has a brother,
He graduated—now another
More than makes up brother's loss
Because he's won a nice War Cross."

ALICE ANN RYAN
"Tad"
Fair Haven, Vt.

Fair Haven High School; R. R.; Musical Association (1); Junior Prom Committee (3).

"Tad" always has a ready smile and a quick answer for everyone. She is an active, busy girl who spends much of her time in the library—(you all know that studying tete-a-tete is conducive to a higher education). Alice Ann is superconscientious as a rule—the exception of this rule is the maintenance of quiet hours in the dorm. She and her lively roommate "Dips" live in the general assembly room or the eastern wing of Hillcrest. If you ever have the blues, just drop in there when the whole gang is convened. "Tad's" crowd will surely disperse all signs of melancholy."

"She 'Dons' her very nicest gown
And prettiest smile and then goes down
To hear a noisy 'Miner' strain,
A happy tune to entertain.

EMMA SCHAEFER, Π Β Φ
"Pinkie"
New Britain, Conn.

New Britain High School; R. R.; Basket Ball (1, 2, 3); Volley Ball (2); Secretary-Treasurer Athletic Association (2); Class Secretary (2); Basket Ball Manager (3); Y. W. C. A. Cabinet (3); Delegate Y. W. C. A. Conference, N. Y. (3); Assistant Business Manager Kaleidoscope (3); Junior Prom Committee (3); Membership Committee Y. W. C. A. (3); Delegate Student Volunteer Conference, Des Moines, Iowa (3); Junior Play Cast (3).

"Now when we want a delegate
To send to a convention,
We start our Pinkie speeding off
To give it her attention.

For she is born to leadership
With interest unbounded
In sport and play and scholarship,
To depths as yet unsounded.

ANGELINE MARION SIMPSON, A X
"Angie"
Rutland, Vt.

Rutland High School; L. S. C.; Musical Association (1, 2); Secretary-Treasurer (2); Musegahe Club (1); Sophomore Rules Committee (2); Home Economics Club (2, 3); Third Horace Prize (2); Junior Prom Committee (3); Junior Play Cast (3).

Wouldn't you think that the ties of the Rutland Railroad would be completely worn out by this time? Also wouldn't you think that "Angie," of all people, would have attractions enough in Middlebury? However, despite her frequent sojourns, "Angie" has always been an enthusiastic participant in various college activities and her wit and her ever-ready smile have endeared her to all of us. Her middle initial "M" stands for "musical", that's her all over. She's a clever little poetess, too, and we hesitate to pen these lines to her—

"She 'Stan's' and waits, Kinne (can he) be late?
Oh, no,—on time he's here.
She'll miss him soon, he leaves in June,
What will she do next year?"

LUCY MELVINA STEARNS
South Royalton, Vt.

South Royalton High School; Apollo Club (3).

Lucy's name doesn't match her disposition, because she isn't stern at all. On the contrary, her ready smile is something we all love to see. She is always busy and always as bright and happy as can be. We have lately heard that Lucy hasn't been as busy as formerly, and has been indulging in a game familiarly known as "Jenkins."

"Of her bright face one glance will trace
A picture on the brain.
And of her voice in echoing hearts
A sound must long remain."

JANET MCLEAN TAYLOR, ΔΔΔ
"Jane"
Mexico, N. Y.

Mexico Academy; Sophomore Hop Committee (2); Y. W. C. A. Cabinet (2); Secretary Y. W. C. A. (2); Manager Women's Baseball (2); Home Economics Club (2, 3); Fire Chief (3); Junior Play Committee (3).

Littlest but not least—that's Jane. You may well ask how so much "pep" could come in such a small parcel. She is the class jester, her favorite contention being "Us girls, we will get witty toward night!" But Janet has another side—a serious one, and Janet, when serious, is a person to be reckoned with. It was her bow that put the dart into Dartmouth, but speaking of beaux, "that ain't the half of it."

"Now Mexico is noted
For its wild and woolly ways,
But since we've seen a sample
We will ever sing its praise."

CORINNE MARSHALL WEBER
"Tails"
Hyanis, Mass.

Barnstable High School; Cercle Francais (1); Secretary Athletic Association (1); Basket Ball (1, 2); Captain (1); Treasurer War Service Committee (2); Second Horace Prize (2); Class Secretary (3); Junior Play Committee (3).

The class of 1921 surely received a great amount of additional energy when Corinne entered their ranks. We often wonder who could surpass her in efficiency for she has learned so thoroughly the old adage "A place for everything and everything in its place." It has been whispered about the Campus that the Fine Arts class is to choose Corinne as candidate for "American Humorist." Corinne is certainly a girl worth knowing. She is a permanent cure for the "blues" and can see a joke in everything and has a great deal of sympathy and feeling for "the other fellow."

"The devil lurks in her eyes."

DOROTHEA FARNHAM WHITNEY, ΣΚ
"Dot"
South Sudbury, Mass.

Colby Academy; R. R.; Civics Club (1, 2); Basket Ball (1, 2, 3).

If "Dot" isn't in the Lab. you are apt to find her with a book. Oh, no, not studying! The safest way to insure a lack of all useful labor on her part is to leave a good book or magazine within reach. Her great ambition is a doctor's career, and to this end she is cultivating high collars and a business like manner. We are doubtful of her success, however; for in spite of her prescriptions all of her friends are still alive and in good health.

"I am Sir Oracle, and when I ope' my lips
Let no dog bark."

FRANCES LEE WILEY, ΔΔΔ
"Fran"
Waltham, Mass.

Waltham High School; Civics Club (1); Musegahe Club (1, 2); Sophomore Rules Committee (2); First Horace Prize (2); Second Kellogg-English-Latin Prize (2); Associate Editor Campus (2, 3); Junior Week Program Committee (3); Kaleidoscope Board (3); College Choir (2, 3).

"Fran" is from Waltham, as you all know, and possesses the greaest line you ever listened to. When Fran came to Midd. she brought with her childish ways of "why" and "wherefore." But just look at her now. It's always "How(e)? Fran is a perfect genius for ringing in on all the excitement in college. When there is nothing on, she shows her serious side of life as well. "You never knew so young a body with so old a head," which is shown by her musical, artistic, and literary ability. Her one bad habit is wasting time—in other words she likes her bed better than she does her work.

"She trudged along unknowing what she sought
And whistled as she went for want of thought."

Junior Prom

Class of 1920

Friday, May 2, 1919

The Junior Prom of 1919 was one of the most successful Proms ever given. Now that Middlebury is back on the pre-war basis, all were anxious to make Junior Week a great success, and the Prom was perhaps the most important feature of this week of festivity. The gymnasium was attractively decorated in the class colors and a large number enjoyed the good music and the good time.

COMMENCEMENT

Class Day Exercises

Saturday, June 21, 1919

The greatest commencement that Middlebury has witnessed was opened by the Class Day Exercises held on the College Campus at 9:00 a. m. The Seniors, led by Junior Class Marshals, marched from the library to the temporary stage, passing through daisy chains held by the girls of the college. The guests were welcomed by the class president, Frederick L. Jones.

Prizes awarded in the various academic departments were announced by President Thomas. Dr. Brainerd Kellogg personally presented the prizes for the Kellogg Latin-English contest.

The Athletic Council

The Athletic Council consists of four members of the Faculty, six Upper-Classmen from the Undergraduate Association who are not members of the Student Council, and the Managers of all major sport teams, who are ex-officio members without vote. The Physical Director must be included among the representatives. The Officers consist of a President, Vice-President, Secretary, and a resident Graduate Treasurer. The purpose of this Council is the advisory control of under-graduate athletic activities.

THE CHASE NATIONAL BANK

New York, January 30th, 1920.

Board of Trustees of
Middlebury College,
Middlebury, Vt.

Gentlemen:

I desire to create a fund, the income of which shall be used for the support at Middlebury of major athletics for men. By major athletics, I mean football and baseball. Football, as now played, did not exist at the time I was in Middlebury. Other games may succeed baseball and football as time goes by. This fund being for all time, I desire to grant to its administration, sufficient discretionary lee-way to best carry out my idea of appealing to the athletic instincts of young men of that portion of the country which we serve.

I have always had great respect for the old Roman adage of a sound mind in a sound body, and I believe in physical culture, and I particularly believe in successful athletics, as the best means of college advertising, and that is the particular feature which I wish to serve at this time.

While this fund is in form given to the Trustees of the College, to be managed by them as other trusts created for the benefit of the College are managed by their Finance Committee, I repeat that I desire to have the income of the fund expended for the encouragement of major college athletics—at the present time, football and baseball. I desire the Trustees to place the annual income of the fund at the disposal of the Committee to be selected according to the rules adopted by the Trustees from time to time, but so selected as to thoroughly represent all student and athletic interests. At the start I would suggest that the Board of Trustees adopt a resolution constituting a committee of five, one representative of the Board of Trustees, one representative of the students, possibly the president of the undergraduate association, and three alumni of the College, to be selected by the alumni.

I regard the alumni as a very important element in building up athletics. They are always important in respect to raising funds, and they may be very helpful in the selection of coaches for the respective teams, and generally in working in the interests of the College.

The underlying thought in the above suggestions is to unify or bring into close co-operation, the student body, the Trustees and the alumni.

As the basis of this fund, I present to the College one hundred and thirty-seven (137) shares of the stock of the Chase National Bank of New York and one hundred and thirty-seven (137) shares of the Chase Securities Corporation. The quoted value of this stock today is 475 bid and 485 asked. That would make the stock worth at the bid price $65,075.

This proposition is in the best form which I can put it at the present time. I am, however, open to suggestions on the part of the Board as to any variation of the terms which may be desired, and which do not in any wise impair or conflict with the underlying purpose.

Very truly yours,

(Signed) A. Barton Hepburn.

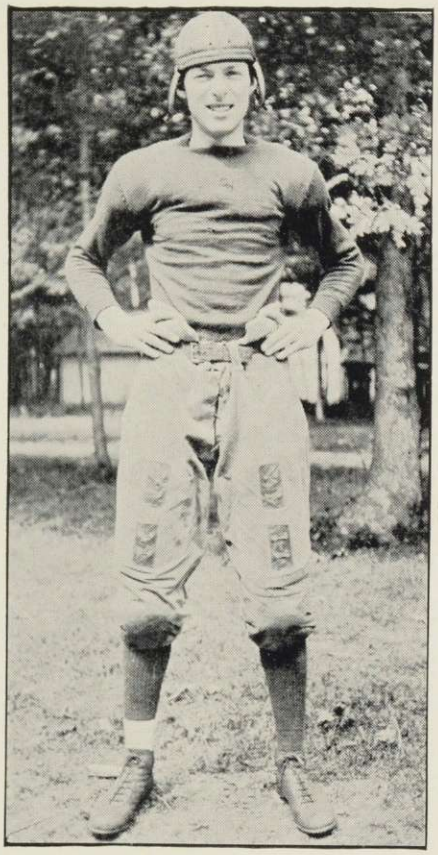
Football Season 1919



Captain Ross

Through the generosity of the Alumni Athletic Association Midd's football squad was given a very favorable start, the Association providing the funds which made it possible for the team to put in two weeks of strenuous training at Lake Dunmore. Captain Stewart Ross, Parker, Dake, Mead, Brown, Potratz, Breen, all veterans, and Cabot, Thomas, Brokenshire, Gollnick, with additions from the freshman class of Sevigny, Leonard, Drost and Donald Ross, put in appearance at the lake September fourth, and there daily went through a routine which put them in good trim for the coming conflicts. Through the kindness of Frank Meehan the Lake Dunmore baseball diamond was placed at the disposition of the squad for the daily practice. The greater portion of the day was spent in hard work in football tactics under the direction of Coach Brown, but time was found during the training to get in a number of good hikes, canoe trips and other forms of conditioning exercise.

Twenty additional men took the field to assist the squad at the opening of college, among them being Keppler, Good, Dixon, Brigham, Sanford, Lacy, B. Kelly, Jenkins, Jakway, P. Kelley, Shepardson, H. Farnham, Ashley, Quackenbush, Stockwell, Brackett, Kalin, MacDonnell, and Reinbrecht, many of whom were service men.

West Point was Midd's first opponent. The squad worked hard to hold the cadets. The kicking of Keck Parker and the splendid defensive displayed by the team held the Soldiers to a score of 14 to 0. The treatment members of the squad received at West Point on the field and in the Mess Hall was not surpassed during the entire season. Boston College, one of the strongest football elevens

M
CHAMPS

of the East, proved a hard proposition. Midd was handicapped from the first by the absence of her regular punter, Keck Parker, who was taken sick just prior to the game. Though Midd put up a game fight she was outplayed by heavier, more experienced opponents. The St. Lawrence game was won by superior generalship. A seventy-yard punt against the wind and subsequent ground gained by the backfield was the turning point of the game.

Manager Woodward

The game with Norwich, Midd's most formidable contestant for the State Championship, was played under unfavorable conditions, because of the dampness of the field. The teams were well matched, and very determined teamwork placed the game to the credit of Midd. In the third period with the score a deadlock, "Generalissimo" Parker booted the wet and soaked ball squarely between the uprights, giving Midd the first leg on the State Championship. Captain Hyland of the visiting team excelled in all around playing.

Midd opened the Williams game as a veritable whirlwind sweeping its opponents off their feet in the first period, but the sensational work of Capt' Boynton took the game away from the wearers of the Blue.

The second team men played most of the game with Clarkson Tech, the regulars having first run up the score of 20 to 0.

The University of Vermont game, the biggest event of the season, found a lusty body of Midd supporters on the field, with blood in their eyes and the "We Got 'Em" spirit uppermost in their minds. Vermont had a heavier line, which relied upon line plunging and battering for all the gains, as well as considerable confidence, which was soon changed to quandary by Midd's "We Got 'Em" spirit. Under the cool and calculating generalship of Midd's plucky quarterback, the ability of the tackles and ends came up to the highest expectations of all supporters of the Blue, and in each play, the backs were there on the job to follow up the ball. The quick, clever work of the Blue eleven proved too much for the headlong rushes of Vermont, whose chief asset was bulk and unguided strength, so old Midd left the field with the "We Got 'Em" spirit justified. By

displaying a more up-to-date type of football and a better drilled team in the fundamentals, Midd accomplished the defeat of her old rival and clinched the Championship of the State.

Pepper Ross, the impartial, fair and determined captain, fighting always for the success of the Blue and White, concluded his gridiron career amidst the well earned merit of hard work and self sacrifice. At the same time Ross donned his moleskins for the last time, the other veterans Dake, Good, Parker, and Breen also put on their togs for the final battle for their football career at Midd. The loss of these men will be felt next year, particularly that of Tony Good who has played a smashing sensational game at the wing position on the varsity ever since he entered college. His particularly brilliant games seem to be those in which we want to win most. This was shown in the Vermont game of 1916 when he was responsible for Midd's touchdown which won the game and the State Championship, and again in the Vermont game of 1919 when he blocked a punt which resulted in Midd's first tally and about five minutes later recovered a punt back of Vermont's line which had been blocked by Potratz. Two new comers in the backfield—Al Gollnick at fullback and Drost at right halfback had the "never-say-die spirit" and while not playing a sensational game they were a tower of strength on the defence and made many gains through the line at critical times. Rocky Dake, the steady and reliable center, played the game of his career. His perfectly timed spiral passes made the punting game employed by Midd so successful. The guards, Breen and Kalin, played unusually good games, being pitted generally against heavier opponents. They both took a lot of punishment and blocked many attempts of opponents to gain through the line. Playing perhaps the most responsible position on the team, the tackles, Capt-elect Mead and Potratz, carried the brunt of the defense stopping many attempted line plunges and end runs and following the pigskin with uncanny precision. At the opposite wing position, Brownie proved himself a reliable, steady and hard player. His specialty was covering punts and he gave a very creditable account of himself in all the games. Of the men who did not make their letters the work of Keppler stands out. Playing in the Norwich and Vermont games he played the aggressive type of game and was the invulnerable spot in Midd's line. In addition: the work of Brackett, Leonard, Reinbrecht, Brigham, Cabot, Thomas, Shepardson, McDonnell, Jakway, Sanford, Ashley, Quackenbush and the two Farnham brothers deserve a lot of praise for their untiring efforts to turn out a winner through the medium of a good first rate second team.

Coach Brown whipped together a well-balanced peppery team, and though not a slave driver he kept after the men in such a way as to bring out their very best, and in doing so was fair to every one. Assistant Coach Fisher trained the backs and aided Coach Brown in improving the style of attack and the way in which the men handled themselves. "Dud" Drake '02, the "Minute-man" who travelled four hundred miles to return to his Alma Mater, inspired the team with new fire and lust for the big battle, a few days before Vermont and Midd met at Burlington.

Candidates for Manager, Noonan and Rothermel and Candidates for Assistant Managership, Malcolm Ross, Fitzpatrick, Howard and Brokenshire untiringly gave their efforts toward making the season successful, and are to be commended for their steadfastness throughout the year.

The subordination of self interest and the splendid cooperation and team work which were evinced by every player, in addition to the able instruction of Coach Brown and Assistant Coach Fisher, backed up by the loyal support of the student body and alumni are what made possible the success of the season.

Baseball

The small number of victories noticed in the list of games for the 1919 season was due largely to the fact that the team was made up of almost entirely new material. This was the result of the war season of 1918 when Middlebury was not represented on the diamond at all.

Manager-elect Brigham did not return to college. Assistant Manager Law started the schedule and got it well under way before Stuart D. Douglas was elected to fill the vacancy. The securing of games was difficult, the result of the Student Army Training Corps period and the college not opening until January, 1919. Patrick Keefe was secured as coach and is to be praised on the work that he did with the available material. He had the assistance of Coach Brown.

Manager Douglas

Captain Ross

Manager Law has been in touch with ninety-eight colleges and baseball clubs and has the following games contracted: University of Vermont (2), Norwich University (2), Rensselaer Polytechnic Institute, Connecticut Agricultural College (2), Rutgers College, Worcester Polytechnic Institute, Springfield College, Boston College and St. Michael's College.

A coach for the present season is being obtained by the Athletic Council, a ground man is in charge of the athletic field, and a substantial sum has been donated by A. Barton Hepburn for the benefit of major athletics at Middlebury. This all points toward a successful future in this department.

Review of the 1919 Track Season

The season of 1919 continued the enviable record in the track world that Middlebury has been building up during the past five years. Coach Brown deserves a great deal of credit for bringing the team through so successful a season.

The season was opened with a victory over Tufts who was met at Middlebury during Junior Week, by the close score of 64½ to 62½. On May 10th a picked team of three men entered the Eastern Intercollegiates and succeeded in capturing sixth place with thirteen points. Jones, '19 won the mile, Potratz, '22 won the discus throw, and Hebard,'19 took second place in the broad jump. The next meet was a victory over St. Lawrence at Canton, N. Y. In the New England Intercollegiates, Hebard placed second in the Broad Jump, and Potratz third in the hammer throw, thus securing five points. The last meet marked our first defeat in the dual meet for five years. The Mass. Aggies defeated us here by the close margin of one point, the score being 59 to 58. There were three star performers in the way of breaking records, Jones '19 twice breaking the mile record, Hebard, '19 twice setting up a new distance for the broad jump and Potratz, '22 lengthening the discus throw on two occasions.

Basketball Season, 1920

About 40 men responded to the call for Basketball candidates for the 1920 varsity. Competition for some of the positions was close, this helping to make practices fast and snappy.

The team started the season with a victory over New York State College at Albany, followed by games with St. Lawrence, Rhode Island State, Conn. Aggies, Renesselaer, Springfield, Trinity, Dartmouth, St. Michael's, Williams and Norwich. Due to the unusually bad railroad conditions the home games with Colgate, Rhode Island State and Conn. Aggies were cancelled. A fairly successful season ended with the victory over St. Michael's at Burlington.

Captain Miske, as usual, played a fine brand of basketball, being rightfully titled Middlebury's individual star.

Heath, the fast forward of the '18 Championship Team, strengthened the team considerably by his return to college. Leonard, the star '23 man, deserves credit for his accurate shooting. The return of Good strengthened the guards considerably. Ross, also, played a steady game

at the other guard. Davis, Hulihan and Lacy played considerably but not enough time to earn their letter.

Ray Fisher, the successful Cincinnati pitcher and Middlebury's foremost representative in major league baseball, deserves to be highly complimented on the way in which he successfully coached and ran the team during the entire season. Those men who have worked under "Pick" can more thoroughly understand how much the college owes him for his constant and faithful endeavors to turn out a successful team.

Outing Club

The Outing Club of Middlebury College has the promotion of Winter Sports as its chief object. During the past season the Ski and Snowshoe Teams secured fourth place at the Annual Dartmouth Carnival, and the Ski Team which went to Montreal the following week took third place in a meet held under the direction of McGill University. On Washington's Birthday an exciting and interesting Class Meet was held at the College. The success and interest of the past season promise further activities in this branch of sport life next year.

Women's Athletic Association

During the past few years the Women's Athletic Association has come to be recognized as an essential feature to Middlebury College. The rapid progress made in athletics is clearly shown by the increased number of sports and the general interest and enthusiasm manifested by the members of the Women's College.

Since Miss Young has been in charge of the athletics, a new constitution has been accepted and new sports introduced. In fact it may be said that she has put the entire organization on a firm foundation. With a co-operation, such as the girls have been showing, the Association cannot fail to make a noticeable advance in the near future and be given a much higher place in the College than it has formerly held.

The class of 1922 entered Middlebury more than 300 strong, and started in at once to make famous the name of which we are now so justly proud. The roll-call in January found our number sadly depleted but still strong enough to win the Hat Scrap, Rope Pull and other class events from the kindly Sophomores who were endeavoring to show the ways of true Middlebury men.

We returned in September resplendent in the glorious privileges accorded us as Sophomores, and immediately took charge of verdant 1923. We placed them on the straight and narrow paths of the cement walks and taught them to show the proper respect to the upper classes.

In Basketball, Track, the Glee Club and in the Social World we shine with stellar brilliancy, and our attainments in the elusive pursuit of the demon Knowledge are truly phenomenal. We are conquering the mysteries of Webster's Spelling Book and Aristotle's Philosophy, and in two more short years will blushingly step forth to gain name and fame for Middlebury and for 1922. Until that time it is our greatest delight to uphold the honor and dignity of our Alma Mater.

1919

1922 scored a great success when it held its first formal dance, on Thanksgiving Eve, Nov. 26, 1919. The gymnasium was decorated along pleasing and novel lines with the Blue and Gold class colors, while an attractive stage setting formed a fitting background for Sargent Brothers' Orchestra, which furnished music for the occasion.

Middlebury College Post of the Legion of Honor, State of Vermont, No. 4

The first meeting of the Middlebury College World War Veterans was held in June, 1919, and on the seventeenth of that month a petition for an American Legion Post charter was sent in. On July eighteenth, the charter was granted. The Post holds monthly meetings. Six delegates were sent to the State Convention, at which President Thomas was elected Commander and Cheesman one of the Vice-Commanders of the State department.

The Alchemist Club

This society was founded by men who were taking the higher courses in chemistry. Any man is eligible for membership who has taken Chemistry 3 and 4, and any higher course. The society holds regular meetings at which a paper is read or a talk given by some member, on a subject relating to chemistry. Each year a president, vice-president, secretary-treasurer, and faculty member are elected.

Societas Apollinea

The "Socii" of the Societas Apollinea are the faculty of the Greek and Latin Departments, and the Juniors and Seniors who are pursuing advanced courses in these subjects or who have elected Fine Arts.

The society aims to stimulate a genuine and scholarly interest in the ancient tongues and civilization, and seeks to attain that end by holding regular meetings for the discussion of classical subjects; the responsibility for the presentation of programs being shared by student and faculty members.

Sunday Noon Club

The Sunday Noon Club is an evolution from a small class of students meeting at the Methodist Church several years since at the conclusion of each morning service. Last year there seemed an acceleration of interest, the number reaching seventy-five. Now the number on the class roll is one hundred and forty, and the number of denominations represented, eight.

The topics are attempted interpretations of Bible truths, with frequent discussions of those live ethical questions always arising in college life, as well as in the big world beyond.

The Silver Bay Club

Students sent as delegates from Middlebury College to the Y. W. C. A. Student Conference at Silver Bay are eligible to membership in this club. The conference is held annually for ten days, at which time study lectures and classes are held by leaders in the Y. W. C. A. The purpose of the conference is to give inspiration and enthusiasm to the girls in college organizations for the coming year.

Established 1886

Watchword—Evangelization of the world in this generation.
Declaration—It is my purpose, if God permit, to become a foreign missionary.
Preparation—Studying the world problems in preparation for foreign missionary service.
History—8140 Volunteers have gone out to all parts of the non-Christian world. Over 40 of this number have gone out from Middlebury, beginning with Levi Parsons and Pliny Fisk, who sailed for Turkey in December 1819, and including Ruth G. Holland, who sailed for Uduvil, Chunnakam, Ceylon, in September 1919.

Middlebury College Band

The college band was organized in 1909 through the efforts of former Dean Walter E. Howard and Edgar J. Wiley, '13. The college has engaged a competent leader under whose direction the band meets every week for practice. Opportunity is given for any man with musical talent to become a member of the band through previous qualifications or through training furnished free by the college. The band has become an important part of the college life, leading the procession at varsity contests and occasionally taking part at entertainments and patriotic gatherings in the town.

The Women's Chorus

The Women's Chorus was organized in the Fall of 1919. Meetings are held every Tuesday afternoon in the band room at Painter Hall. Any college woman interested in music and who will live up to the attendance requirements is eligible for membership. Interest in the chorus is stimulated by the contest between the Women's and Men's musical organizations for the cup presented by Dr. and Mrs. Collins. Under the competent leadership of Mr. Bissell compositions are being studied which will form a part of the Commencement Program and those of other college organizations. This organization fills an important place in the musical activity of the college.

Having patiently endured the boasts and glowing histories of the three upper classes, the kind reader is now asked to turn his attention to the tales of prowess of the young but already prominent class of 1923. Since our entry in September, 1919, we have shown strong indications of being the greatest and best class which has ever entered Middlebury College, without belittling the merits of the "worldly" Seniors, the "mighty" Juniors, the "lordly" Sophomores, and their worthy predecessors.

Needless to say, we submitted to the customary performances for the benefit of the upperclassmen, and bedecked ourselves according to the styles which appealed to the Sophomores. Upon learning that such indignities might be abolished at an earlier date by defeating the Sophs in a certain number of events, we immediately resolved to win every contest with them and up to date we have done so. The first slaughter came in the Hat Scrap, which we won, 7 to 5. In football, two games were played, the first being a scoreless tie, the second ending in a glorious 14-0 victory for our team. Furthermore, we emerged victorious in our first basketball encounter with the Sophomores, and are confident of repeating the operation.

Nor have our laurels been confined to class athletics. A number of the members of the class of '23 have made the varsity football and basketball teams, and prospects for the future are still brighter. We admit we are wonders, but we never crow about it. Modest, that's us all over.

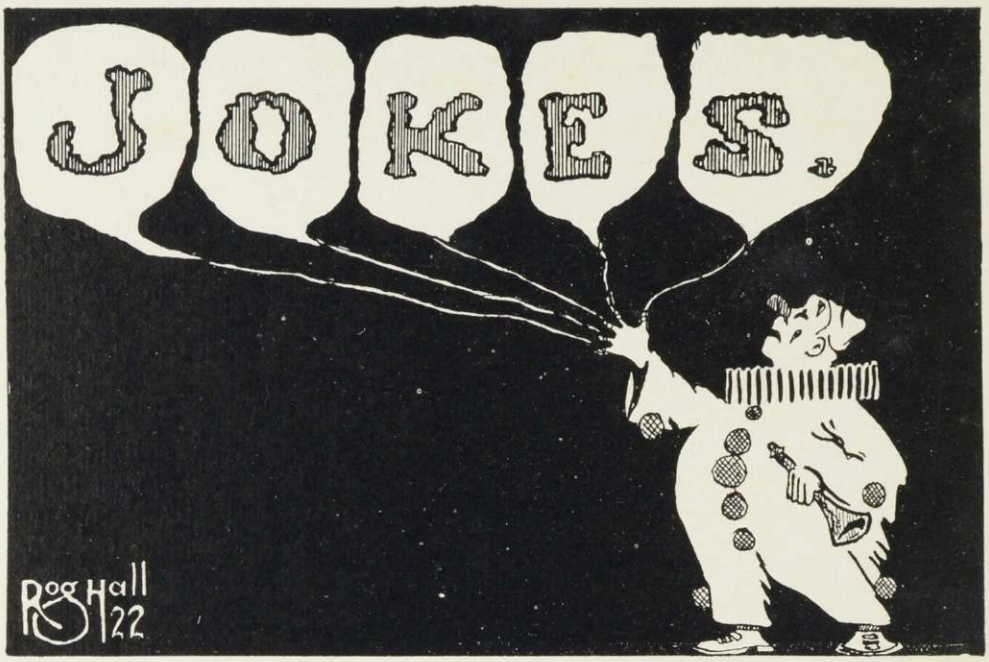
DOZZY: Where can I get a good wind shield?
OFFICER: Turn to the right if you like them blond.



Locals

(Announcement at Hepburn Commons): "Miss Anderson is prepared to receive any contributions of old clothing for poor and needy children."

(Voice Addressed to Breen): "You're a size too large for my suit, Red!"

(Prof. Stevens in Sociology): "Now, Mr. Todd, just what is your honest opinion regarding poligyamy?"

(Todd): "I'll tell you frankly, sir, I'd prefer Ace High to a Full House in that game."

(Inquisitive Frosh): "Who is the portly gentleman with the sea-going roll steaming down the pike?"

(Soph): "Oh, that's Professor Thompson of the Biological department."

(Co-ed, endeavoring to recall an incident of last year): "Who was that fellow that used to go with that girl down at Hillside last year?"

(From one table in Bat. Cot. previous to the U.V.M. game): "We've got 'em!"

(Sympathetic response): "That so? Then use a fine tooth comb."

It will be remembered that the tags sold for the purpose of sending the band to Burlington were stamped with the sketch of a music note.

(KASPER): "Professor Wright, wouldn't you like to buy a tag?"

(PROF. WRIGHT, REGARDING TAG CRITICALLY): "Well, this is about the easiest way I know to become a man of note."

(FURBER): "Would you suggest the wearing of brown derbies?"

(DR. STEVENS): "For some people, it is not necessary to name in this class, yes!"

(OPTIMISTIC 1923 THE DAY AFTER INITIATION): "Probably Prof. Abbott will give us a cut this morning."

(EXPERIENCED 1920): "Yes, I think he did give one back in the winter of 1916 but I haven't heard of one since then."

(MODEST CO-ED): "I've seen the light of but fifteen summers."

(ESCORT ABSENTLY): "Spent about ten years in a coal mine?"

(ADAMS): "I don't see much difference between 1840 and now."

(PROF. ABBOTT): "And I can't see how you are qualified to judge about that time."

(SOPH): "Yeh, I'm taking seven courses this year."

(FROSH): "Sure of getting by in all of them?"

(SOPH): "Nope, only two, Fussing and Movies."

FINALS

Some folks study, mum as clams.
Some do cuss with hearty damns.
Everybody crams and crams.
WHY???
It's time for the Exams!

(CO-ED): "If you attempt to kiss me, I shall scream for help."

(WADE): "You seem to forget that I take Phys. Ed. 3 and am an athlete."

(SHE): "What has that to do with the case?"

("BABE"): "Simply that I won't need any help."

Learning

(Apologies to Kipling)

When I was a Frosh on the Campus,
'Twas said that my color was green.
I've had my picking of courses,
No very great change has been seen.
First they exposed me to language,
Then sciences I did pursue,
They fed me a strong philosophical dose,
And then I thot I was thru!

No, I'm not any hand with a language
For, taking them all along,
You can rarely tell what you're saying—
And then you are like to be wrong.
You'll think you are talking in Spanish,
You'll find you are talking Francais.
The things that you learn from the Latin and Greek
Won't get you a raise in your pay.

I was a wizard for Science,
Got away strongest with Chem—
Had a keen scent, so they told me,
For hydrogen sulphides an' them.
Learned the why of the wherefore
In Physics and Biology.
When all's done and said, just see where it led,
And learn about Science from me.

My next deadly strife was with Logic,
Philosophy ne'er was my bent.
Ethics and argumentation
Can scarce solid ivory dent!
Then I consulted with Father.
He said, "Son, for the present, defer,
But quite early in life, just get you a wife
And learn how to argue from her."

Political Science, they told me,
Well salted and peppered with Ec,
Would kelp to enfranchise the nation
And put down the bold Bolshevik.
I might get a job on a school-board,
But President I'll never be.
Beware of the strife of political life
And learn how to govern from me.

I've taken each course as I've found it
And now I've got a degree.
But now I've found that one's not educated
To merely obtain an A. B.
It's only a step on the ladder,
An M. A. and then Ph.D.
So be warned by my lot, which I know you will not,
And learn about Learning from me.

(Spectator): "What is Charley Reinbrecht shooting at the wrong basket for?"

(Wise One): "Oh! he's tired of missing his own."

"Chick" Haugh's test for chloroform: Inhale deeply and patiently await results.

("Kep", in Junior Class meeting): "All those favoring Prohibition please rise."

Girls all rise. Fellows look dubious—a few rise. "Kep" counts them carefully.

(Whitmore): "Are you standing or sitting, 'Kep'?"

Prof. Haller (rather sarcastically, after calling upon Haskins and receiving an answer from Alma Wright): "Is your name Haskins, Miss Wright?"

(Alma): "No, not yet, but it might be some day. You never can tell what miracles are going to happen!"

At Random

(*If the world like it not, so much the worse for them.*)

SEARS: The smallest hair casts a shadow.
"SINCY": The blushing cheek speaks modest mind.
"STAN" DIXON: Born merely for the purpose of digestion.

"DON" MINER: Then let us laugh.
"GINSEY": What orators want in depth, they give you in length.
"PUD" FISH: Prudence protects and guides us.
"PANSY" BRIGHAM: A wild and reckless ocean ranger.
"WOODY": There ought to be another Delilah to shear this Samson of his intellectual locks.
"PINKY" SCHAEFER: Whence is thy learning? Hath thy toil
O'er books consumed the mid-night oil?
"SAM" COHEN: Praise the sea, but keep on land.
RUTH CAMBRIDGE: As silent as the pictures on the wall?
"BOSCO": I cannot say how the truth may be;
I say the tale as 'twas said to me.
"SOL" AINES: A guardian angel o'er his life presides.
"STEW" ROSS: None but himself can be his parallel.
BIGELOW (his motto): Ignorance is the curse of God.
"BUGS" WRIGHT: Yet still in hours of love and strife,
I've 'scaped the weariness of life.
"DIZZY" YATES: O sleep, it is a gentle thing,
Beloved from pole to pole.
DELTA TAU: It was a club of wicked men—
They drank their soda colored green.
"BILL" HUGGARD: A solemn mien and air sedate.
MILTON LOYAL BARNES: His face was pleasant and all the while,
He wore a kindly and genial smile.
"BEN" FRANKLIN: The grace and versatility of the man!
"BUS" SWAN: You think the rustic cackle of your bourg,
The murmur of the world.
MR. BISSELL: Who's your tailor?
"SANDY" MOREAU: I profess not to know how women's hearts are won.

WHITE: This bold, bad man!
"JOE" KASPER: . . . . I am Sir Oracle,
And when I ope my lips, let no dog bark.
STUDENT COUNCIL: All hell shall stir for this.
"ANGIE" SIMPSON: Two heads are better than one.
"TONY" GOODE: Mocking the air with colors idly spread.
"AL" FURBER: To those who know thee not, no words can paint;
And those who know thee, know all words are faint!
"EMMY" ROSS: Much may be made of a Scotchman—if he be caught young.
CHOIR: The angels all were singing out of tune.
MADELINE GAYLOR: Prouder than rustling in unpaid-for silk.
"JANE" TAYLOR: She might make a charming angel.
DARBY: How sweet a thing it is to wear a crown.
McMASTER: A comely olde man as busie as a bee.
"KECK" PARKER: He was a man, take him for all in all,
I shall not look upon his like again.
"JACK" HORNER: Swearing is wicked, smokes not good.
"JOCKO" MEAD: So may he rest; his faults lie gently on him.
"SUE" WELLS: A poor, lone woman!
"RAY" NOONAN: Any Top Sergeant rates the passing tribute of a sigh.
"SWIFTIE": Hell is paved with good intentions.
SUNDAY CHAPEL: And, calling sinful man to pray,
Loud, long and deep, the bell had tolled.
BRAUTIGAM: True artists are a rare, rare breed.
"MAC" McSWEENEY: I never felt the kiss of love,
Nor maiden's hand in mine.
"RAY" MUDGE: Tho I am always in haste, I am never in a hurry.
"AL" GRANT: All my skill shall beg but honest laughter.
BISHOP: Wait till you hear me from the pulpit, there you cannot answer me.
"BABE" WADE: I'll give anything for good copy now, be it true or false, so it be news.
"SAM" DAVIS: I do know him by his gait.
PEARSONS HALL: At every word a reputation dies.
MALCOLM ROSS: I am very fond of the company of ladies.
"BILL" WILLEY: Whose little body lodged a mighty mind.
BARNEY PROTRATZ: What a voice was here now!
"TED" CARPENTIER: How doth the little busy bee
Improve each shining hour.

"EMMIE" MILLARD: She moves a goddess and she looks a queen.
HARDING: I am as sober as a judge.
"KEP" KEPPLER: Such suavity's as charming as it's rare.
THE CAMPUS: This folio of four pages, happy work
Which not e'en critics criticise.
ROTHERMEL: Spreading himself like a green bay tree.
FAUSTINE THOMAS: A still, small voice.
"BROKEY" BROKENSHIRE: Deafen me to the jingle of the dirty dollar and the rustle of petticoats.
"DOT" DOUGLASS: For I am nothing if not critical.
"DICK" WHITMORE: And witch sweet ladies with my words and looks.
MARION TILDEN: A well disposed nature joined with a lovely feature.
"MALC" WRIGHT: In youth and beauty wisdom is but rare.
"PETE" PETERSON: The frivolous work of polished idleness.
"PERC" FELLOWS: His nature is too noble for the world.
"JENNIE": If to her share some female errors fall,
Look on her smile, and you'll forget them all.
THE BAND: The earnest endeavor of a faithful few.
THE KALEIDOSCOPE: Perfect. Modest. The last shall be first.

(Senorita, in Spanish): "Can you swim?"
(Miss Deans): "No, I know nothing!"

('23, importantly): "Heard about the new club that's just been formed?"
(Chorus): "What's the latest?"
(Excited Frosh): "Why, 'Bosco' Aldrich, 'Billy' Farrell and 'Tate' Tatro are the Charter Members and the dues, which are only a dollar, go to them, as they thot of the idea and developed all of the plans for a successful campaign."
(Crowd): "But what's the big idea?"
('23): "Oh, it's an Anti-Smoking Association, naturally."

(Miss Lincoln, in Astronomy 10, solves a proposition where a Sea Captain is finding his latitude and announces that according to the data given the Ancient Mariner and his Good Ship would be in the central part of Arizona.)
(A suggestion from one of the other Wise Star Gazers saves the situation): "Possibly it was a Prairie Schooner!"

Scandal

There was a young fellow named B—
As shy as we ever did see.
But he's game on a bet
And we're laughing yet—
For his Buddy is short by a V!

(Brackett): "Please help a cripple."
("Ted"): "How are you crippled?"
("Bill"): "Financially!"

There is a Junior named "Kep"
Who is said to have lots of pep.
He takes big chances to get bids to dances
And thinks it will add to his rep.

(Dixon): "If I had your shape, Ross, I'd go on the stage."
("Emmy"): "If I had yours, I'd go into seclusion!"

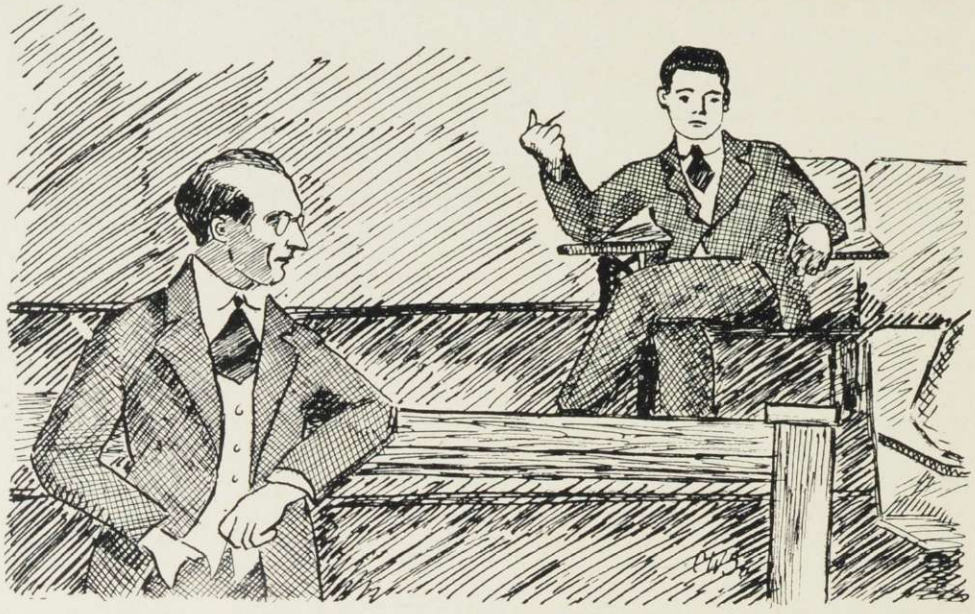
What is it changes every day
Yet brightens dull life's gloomy way?
Prof. Stevens' tie.

(Doc Harrington): "Once when I was in England I stayed up all night to hear a nightingale sing and I got gloriously soaked!"

Explanation of Substitution and Addition: When you go down town and give "Joe" ten cents for peanuts, that is substitution. When you eat them, addition takes place. (Indigestion is also practically assured).

(Prof. Bonney): "Haven't you made a mistake there, Grant?"
("Al"): "Oh, I just thot the book was wrong!"

(Ruth A—): "Look at the nice fat letter I got this morning! Lucky, eh?''
(Chorus): "You're darn WRIGHT again!!!"



"Prof." Spivins: "What would you like to discuss this morning, Mr. Budge?"

Budge: "I don't care as long as you don't make too much noise."

THE RISING BELL

Sing a knell to the rising bell
That's what this song's about!
The bally thing is bound for—WELL—
We're going to rip it out!

In early morn its note forlorn
Calls us from realms of rest.
From drowsy dreams of Maiden beams—
We're going to oust the pest!

It's got to go! We will it so!
We must and shall be heard!
Too oft the thing with tinny ring
Our slumber has disturbed!

'Twill banished be, and we'll be free
But hark—I hear it now!!
And o'er its range a subtle change
Has come!—It's ringing CHOW!!!

Bureau of Information

NAME	WHY I CAME TO COLLEGE	RESULT
Jack Horner	To burn the Band Stand	Ten Dollars and Costs
Sam Cohen	To persecute the Class of 1921	It didn't work
Ike Hulihan	To teach Math	He's a base ball player
Sandy Moreau	To avoid the women	He's still got 'em guessing
Ray Noonan	To impress us	We're still waiting
Joe Kasper	To be great	He's done pretty well
Al Furber	To learn to play the banjo	He's still learning
Eddie Kalin	To learn the Freshman Rules	He knows them
Red Breen	To advertise Colgate	Decided to reform Midd
Bosco Aldrich	To be near Rutland	The Railroad's making money
Hank Thomas	To be Phi Beta Kappa	He's a Delta Tau
Ben Franklin	To ride on the train	He enjoyed the trip
Keck Parker	To trim Norwich	He did
Stew Ross	To follow the family tradition	We want more like him
Mac McSweeney	To prepare to be an M. D.	Made money moving pianos
Dwight Moody	To be a minister	"Campus" has spoiled that idea
Ham Bartlett	To play base ball	Wrecked Jennie's office system
Guy Coolidge	To reside here permanently	He has a steady choir job
Stan Kinne	To get a thoro education	He's engaged
Chain Towers	To take a long rest	Found France quieter
Sam Davis	To start something	Still busy on the idea
Dick Whitmore	To take hard courses	Is majoring in Phys. Ed.

(Reinbrecht): "We learned at Des Moines that the Japanites are in need of aid."

(Perplexed Audience): "Who in thunder are the 'Japanites'?"

There is a young girl in the Choir
  Whose jaws moved higher and higher.
Now the banner "A. L."
Seems to hide her well—
  If you don't know her name, just inquire.

("KECK"): "But this is a representative group."
(PROF.): "Representative of what?"
(PARKER, CONDESCENDINGLY): "'Most anything, by the look!"

(SANFORD): "I went to church one time for four years."
("BOSCO"): "I doubt that!"
("MUZZY"): "Well I'm sure of it—I was the janitor."

IF THEY ONLY KNEW!

She sits in her room at Pearsons
And waits for a telephone call;
One by one her friends are summoned
While her hopes within her fall.
Then out from the silence there echoes
The longed for call of her name,
And with a measure of hope and fear
She hastens her call to claim,
Down to the basement landing
(The stairs yawning up from below),
There in the quiet and darkness
She utters a timid "Hello—?"
"Hello, Katy—Busy this evening?—
"No?—Then may I come up?
"All right, about quarter past seven,
"Thank you, good-bye."—What luck!
Up from the basement she flutters,
Enraptured, transformed, aglow!
(How little it takes to please them,
But how is a fellow to know?)

Appreciation

To all those who have in any way aided in the publication of this volume, the editors express their heartiest thanks.

There are, however, some to whom especial mention is due, because of their numerous favors so generously offered. Among these are Professor Abbott, for invaluable advice; Dean Wiley, for kindly co-operation; Mr. O. G. Beale of The Tuttle Company for helpful suggestions and personal interest; Carroll White, for many hours of generously contributed labor in typing copy and letters; and Messrs. Spencer, '21, Brautigam, '22, Hall, '22, Duncan, '23, and Hayward, '23, for their drawings.

Thanks are also due the advertisers, who have helped make possible the publication of this Kaleidoscope. We recommend that you patronize them.

Entering the World Electrical

THE graduate of today enters a world electrical.

Gathered from the distant waterfalls or generated by the steam turbine, electric power is transmitted to the busiest city or the smallest country place.

Through the co-ordination of inventive genius with engineering and manufacturing resources, the General Electric Company has fostered and developed to a high state of perfection these and numerous other applications.

And so electricity, scarcely older than the graduate of today, appears in a practical, well developed service on every hand.

Recognize its power, study its applications to your life's work, and utilize it to the utmost for the benefit of all mankind.
